YPD, DEA To Collect Your Unwanted Prescription Drugs

Collection Event Scheduled April 28

The Yankton Police Department and the Drug Enforcement Administration (DEA) will give the public another opportunity to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs on April 28 from 10 a.m. to 2 p.m.

Bring your medications for disposal to Walmart, HyVee, Walgreen's, Rexall Drug, the Yankton Medical Clinic or the Yankton Community Library. The service is free and anonymous with no questions asked.

Last October, Americans turned in 377,080 pounds — 188.5 tons — of prescription drugs at over 5,300 sites operated by the DEA and nearly 4,000 state and local law enforcement partners. In its three previous Take Back events, DEA and its partners took in almost a million pounds — nearly 500 tons — of pills.

In September 2010, Yankton collected 18 pounds. In April 2011, that number rose to 65 pounds.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse and abuse. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental

poisonings and overdoses due to these drugs. Studies show that a majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet. In addition, Americans are now advised that their usual methods for disposing of unused medicines — flushing them down the toilet or throwing them in the trash — pose potential safety and health hazards.

Four days after the first event, Congress passed the Secure and Responsible Drug Disposal Act of 2010, which amends the Controlled Substances Act to allow an "ultimate user" of controlled substance medications to

dispose of them by delivering them to entities authorized by the Attorney General to accept them. The Act also allows the Attorney General to authorize long-term care facilities to dispose of their residents' controlled substances in certain instances. DEA is drafting regulations to implement the Act, a process that can take as long as 24 months. Until new regulations are in place, local law enforcement agencies like the Yankton Police Department and the DEA will continue to hold prescription drug take-back events every few months.
