

LANGUAGE ARTS

SPANISH 101

Hola amigos (hello friends). Come explore the Spanish language with fun and exciting activities for all ages. Learn to count in Spanish while playing "challenge" bingo and eating M&Ms. Trace your body and label some of the body parts. Discover the terms for your favorite animals, and have a birthday celebration while learning how to say the months of the year and days of the week in Spanish. We'll talk about colors and outdoor activities such as running, jumping, etc. while exploring nature and playing traditional Spanish games. After learning all that we can during our time together, the program will end with a fiesta (party). Everyone will get to create a piñata and celebrate the language with some Hispanic treats!
