Lesterville Rollover

Emergency workers watch as a medical helicopter lands near Lesterville for a one-vehicle rollover accident that injured three people at 5 p.m. Thursday. Two people were transported to local facilities while a third was airlifted to Sioux Falls. The South Dakota Highway Patrol and the Yankton County Sheriff's Office were on the scene, as were emergency responders from Yankton County, Lesterville and Tabor.

A Rising Cost

Regents OK 5.8 Percent Average Resident Tuition Hike

BY JAMES NORD

VERMILLION — Tuition and fees for South Dakota's six public universities will increase by an average of 5.8 percent for the upcoming school year under a plan the South Dakota Board of Regents approved Thursday.

The board met at the University of South Dakota in Vermillion in part to discuss the hikes, which translate to

an average increase of about \$456 for on-campus resident students. Scarce state funds killed the prospect of another year of frozen tuition, which lawmakers put nearly \$4 million toward during the 2014 Legislature.

The increases approved range from 4.3 percent at Northern State University to 6 percent at South Dakota State University. Regent Joseph Schartz, a student at South Dakota State University, said college

affordability is a concern for the board, but he also noted that state funds were tight this year.

"I don't think it's going to send students who are already at our institutions packing their bags and leaving," he said, adding that rising student costs and lagging state support is "a scary trend that we need to reverse."

Inmates, Families Benefit From Visits

EDITOR'S NOTE: The following is part of a series of periodic stories focusing on programs at Mike Durfee State Prison in Springfield.

SPRINGFIELD — The father and his children enjoy time together in the play area, with characters from Shrek and Winnie The Pooh watching over them from murals.

But it's not a living room, nursery or daycare.

It's the family visitation area of Mike Durfee State Prison in Springfield.

"We have the kids' section with toys where the inmates and their families can play together," said Associate Warden Rebecca Schieffer.

The area allows inmates to spend time with their children during visits. The children must be closely supervised during the visit.

Sacred Heart (SHS) Middle School student Brian Nguyen portrays Jesus Christ crucified on the cross while the words of the song "You Loved Me Anyway" by Sidewalk Prophets is displayed via an overhead projection during a "Stations of the Cross" program, presented by the SHS eighth graders Thursday at Link Auditorium. The series of 14 scenes depicting the death of Jesus was presented Thursday as part of Holy Week observations by the Yankton school.

Scholarships Created In Honor Of Ibarolle

Passionate, inspirational, peaceful and loving: just a few adjectives that those closest to Khrista Ibarolle use to describe the impact she had on the lives

she touched.

To say Ibarolle — whose life was tragically cut short when she was murdered in January — enjoyed life was an understatement.

To honor Khrista's memory, her parents and the Yankton graduating class of 2002 have created three scholarships that will be presented to graduating Yankton High School seniors.

"The class of 2002 came together in those days after we found out about her death and said we have to do something to honor her," said classmate Nickie Anderson. "Rachel (Meyers), Heather (Sage) and I have the ability to talk daily because we all work together, and we said, 'Yes, we have to do something.' We knew that it was something she
