

Manitou America's, Inc.

formerly known as Gehl Company

Three Generations of Success

Our original plant, in 1974, has expanded six times to meet the growing needs of our customers.

Gehl Company, headquartered in West Bend, WI, is a USA manufacturing & International distributor of compact construction equipment. With roots dating back to 1859, we have a heritage of reliability, innovation & success.

We are PROUD to be part of this great community. Congratulations City of Yankton and Press & Dakotan on 150 years of growth!

Gehl is currently hiring welder positions & is accepting applications for all production positions.
