It's been seven years since baseball and softball were both cut from the Olympic lineup, though each made

their last appearance at the 2008 games in Beijing, China. Each sport failed in their attempts to earn reinstate-

ment to the 2012 and 2016 Olympics — in London, England and Rio de Janeiro, Brazil, respectively. In an effort to help their cases, the governing bodies of baseball and softball are planning to merge into an

organization called the International Baseball and Softball Federation. The proposal is for each sport to hold

# Lancer Women Rank Among Tops In Nation In Team GPA

The Mount Marty College women's basketball team finished 13th in the nation in grade point average (GPA) for the 2011-12 academic year, the Women's Basketball Coaches Association recently announced. The Lancer squad's 2011-12 GPA of 3.432 put them in

13th place in the country for the year. This is the 13th consecutive year that the program has been listed among the top 25 in the nation.

"The women are here at MMC to get a great education in addition to being successful athletes," said Mount Marty women's basketball coach Tom Schlimgen. "It's just so rewarding to see them accomplish their goals both off and on the court.

The WBCA Academic Top 25 annually recognizes NCAA Divisions I, II and III, NAIA; and junior college/community college teams across the nation that carry the highest combined grade point averages (GPAs) inclusive of all student-athletes on their rosters for the entire season. The 2011-12 season is the 17th in which the WBCA has presented the standings.

A team's GPA is calculated by dividing the total number of quality points earned by the total number of hours attempted by all team members in the academic terms (semesters or quarters) that the season spans. Weighted grades are converted to a 4.0 scale. The GPAs are

I'll admit it, I'm far from an avid Olympics viewer. In total, I've probably watched 10 minutes of television coverage (partly because I don't frankly care one way or the other, and partly because of NBC's commitment to tape-delayed coverage).

Beyond that, I can't help but think there is something missing. Two things, actually — baseball and softball. Nobody will ever be able to reasonably explain to me why a sport like trampoline is an Olympic sport and baseball and softball are both left out of the mix. Go ahead and check the revenue and interest on that, International Olympic Committee (IOC), and get back to me. I'll be waiting.

**UND Football Preparing For Big Sky** GRAND FORKS, N.D. (AP) - The University of North Dakota football team finally had something to talk about Monday at its annual media

day. After five years in limbo while making the transition to NCAA's Division I, UND is now a playoff-eligible club in the Football

Championship Subdivision. The team has a new league, new

jerseys, even new turf.

"It's only a few days into camp, but you can see it in everyone's eyes. This is the top, absolutely." said Emmett Lynch, senior offensive lineman from Lester Prairie, Minn.

The initiation into the 13-team Big Sky Conference is certain to be challenging. The top five picks in separate preseason polls are among the nine league teams on UND's schedule. The media's poll has picked coach Chris Mussman's club to finish sixth, and UND is forecast to finish 10th in the coaches poll.

"We know what we're up against," Mussman said.

Mussman pointed out several members of his first recruiting class who attended Monday's event and called it a "surreal moment" now that the transition has ended.

Vikings

From Page 7

"He is going to work extremely hard and get back to playing again. That was his attitude, and those were the words

One of those players, senior defensive lineman Ross Brenneman of Omaha, Neb., said he came to UND to be a part of history.

"We can do some unprecedented things this season and I wanted to be a part of that," Brenneman said.

Lynch said the team has been steadily preparing for this season.

"I never looked at it as missing out on anything. I saw it as something building and building and building," Lynch said. "We've been going up the ladder and now we finally get to do what we all came here for."

UND finished with an 8-3 record last year and earned a share of the Great West Conference title, which Brenneman called the "mighty mite" league that included fellow Big Sky rookies Cal Poly, UC Davis and Southern Utah.

"The level of play was really good for how small it was," Brenneman said. "I thought it prepared us very well to enter into this league."

The strength of the team is expected to be in the trenches, with three returning starters on the defensive line and four on the offensive line. Coaches are hoping to fill a void at quarterback with Braden

his junior season in 2010. He wasn't the same as a senior last year, limping noticeably during Arkansas' first preseason practice and struggling to hang onto the ball.

Childs finished with only 16 catches and 192 yards in 2011 while Jarius Wright, his friend since childhood who was also drafted this year by the Vikings. on Monday. Childs, on Twitter, thanked his followers, fans, friends and family for praying for him and said, "I will be fine."

The Vikings placed Childs on injury waivers, a procedural move that must come before they can put him on injured reserve.

With Jerome Simpson suspended for the first three games of the regular season, the Vikings have again found themselves thin at this important position.
