

Support Group Slated Aug 19

There will be a Crohn's and Colitis support group meeting at 6:45 p.m. Tuesday, Aug. 19, at the Avera Sacred Heart Campus Pavilion, 409 Summit, Yankton.

This meeting is for patients with Crohn's or Colitis and their family and friends.

For information, call Kathy Ryken at 665-8667 or Dave Brown at 665-7199, evenings

YHS Yearbooks Have Arrived

The 2013-2014 Yankton High School yearbooks have arrived at the high school. They can be picked up Monday, Aug. 18, from 9 a.m.-noon and 1-3 p.m. in Room 147 at YHS.

If you have any questions, email jmikkelsen@ysd.k12.sd.us/.

Backpacks Given For Families In Need

The Income Center of Yankton will be taking applications for low-income families needing help with school backpacks for their children for the coming school year.

Last year, 193 children were provided with a voucher for a backpack. Funding for this project is provided by local donations. This year, the Contact Center will be supplying backpacks again for grades K-8. Families must sign up their children by Aug. 19. They may sign up by coming in to the Contact office located in the County Government Center, lower level. Families must have an active SNAP card to be eligible.

Any donations to this project can be sent to the Contact Center, 321 W. Third St. Suite B02, Yankton, SD 57078.

Those needing help with school supplies can call ROCS-Rural Office of Community Services at 1-877-254-6110 for an application.

Vet Service Office Closed Aug 25-29

The Yankton County Veterans Service Office will be closed to the public the week of Aug. 25-29. Michael McDonald, the county veterans service officer, will be attending a national accreditation training school for veterans service officers in Pierre that week.

McDonald will be back in the office on Tuesday, Sept. 2.

McDonald would like to remind the veteran public that his office is located on the second floor of the Yankton County Government Center. He can be reached by phone at 605-260-4420. The county veterans service office is funded by the county on a half-time basis, so McDonald's office hours are: 1-5 p.m. Mondays, and 9 a.m.-5 p.m. Tuesdays and Wednesdays.

Janklow Portrait To Be Dedicated At USD

VERMILLION — The portrait of former South Dakota Gov. William J. "Bill" Janklow will join the portraits of nine former South Dakota governors who attended the University of South Dakota during a dedication ceremony at 5 p.m. on Aug. 27 at Farber Hall inside of Old Main.

Janklow's portrait will be added to the "Governor's Gallery," a gallery of governor portraits of the former governors who attended USD before being elected to the state's highest office. The dedication ceremony, which is open to the public, will feature remarks by Janklow's granddaughter Lindsey Janklow, a USD senior from Sioux Falls; Student Government Association President Tyler Tordsen, a senior from Rapid City; and William J. Janklow Public Service Scholarship recipient Samantha Zoss, a junior from Beresford. Artist Joshua Spies of Watertown, who painted the portrait of Janklow, will also be recognized. A reception will follow in room 211 of the Muenster University Center.

Born in Chicago in 1939, William J. Janklow grew up in Flandreau. He was elected governor of South Dakota in 1978, 1982, 1994 and 1998, and in 2002 he was elected to

Congress. His 16 years as governor is twice as long as any other individual to hold that position in South Dakota and it spanned four decades. Janklow was 39 when voters first elected him governor and 63 when he left that office. Prior to serving as governor and as a Congressman, Janklow was elected South Dakota Attorney General in 1974. He served in the U.S. Marine Corps before graduating from USD and the USD School of Law and following graduation, he was a legal services lawyer on the Rosebud Reservation. Janklow married Flandreau native Mary Dean Thom and they raised three children together: Russell, Pam and Shonna.

Spies is an internationally-recognized and honored wildlife artist who created two portraits of Janklow that are currently on display in the South Dakota State Capitol in Pierre. He is also preparing two special paintings for the 125th anniversary of South Dakota's statehood: a side profile of George Washington's face on Mount Rushmore during the final stages of construction and a view of Lake Kampeska near Spies' home town of Watertown.

SDSU Extension Hosts Forums During Dakotafest

BROOKINGS — SDSU Extension will host several grower forums during 2014 Dakotafest held Aug. 19-21 inside the SDSU Pavilion on the Schlaffman Farm, Mitchell.

The cutting-edge topics range from drones and the best weed identification apps, to climate, food safety and farm bill program training. Organized in a discussion format, these forums provide participants with the opportunity to have their questions answered.

"Dakotafest is a wonderful opportunity for our staff and faculty to interact directly with producers and discuss issues relevant to our state's agriculture industry," said Karla Trautman, SDSU Extension Associate Director.

The forum lineup also includes three Political Candidate Forums. All candidates running in the House, Senate and State Gubernatorial races have been invited to participate in agriculture-focused forums that will be moderated by WNAX Broadcaster, Jerry Oster.

New this year, the SDSU Pavilion will feature the iGrow.org kiosk; designed to teach the public about the wide range of SDSU Extension resources and tools available online through the iGrow.org page and mobile app.

Dakotafest attendees looking for SDSU Extension staff or South Dakota State University faculty will find them located throughout Dakotafest, primarily within the following tents; Association of South Dakota Weed and Pest Boards; South Dakota Department of Agriculture; South Dakota Soybean Association; and Northwest Veterinary Supply.

"Instead of everyone being in the SDSU Pavilion, we see the value of locating SDSU Extension where Dakotafest attendees typically go to learn more about agronomy, machinery, livestock or precision agriculture technology," said Alvaro Garcia, SDSU Extension Agriculture and Natural Resources Program Director. "This allows for more natural collaboration between industry and SDSU Extension staff

and faculty."

The 2014 agenda and forum lineup is as follows:

Tuesday, Aug. 19

- 10-11 a.m. U.S. House Forum — Candidates include; U. S. Rep. Kristi Noem, R-S.D., and her challenger Corinna Robinson.

- 11 a.m.-Noon SDSU Weeds App Evaluation: "The Good, The Bad and Our Opinions" — Darrell Deneke, SDSU Extension IPM Coordinator and Paul O. Johnson, SDSU Extension Weed Program Coordinator, will lead a discussion on mobile crop weed identification apps available in the market. They will provide insight into how to use these applications and which applications make the most sense for South Dakota growers.

- Noon-1 p.m. SDSU ice cream — Free.

- 2-4 p.m. USDA Farm Bill Q&A — SDSU Extension staff will partner with FSA/USDA staff and the S.D. Dept. of Agriculture to answer grower's questions on the 2014 Farm Bill.

Wednesday, Aug. 20

- 10 a.m.-Noon "Stop the Fighting on the Way to the Funeral Home!" — Presented by Jolene Brown, a farmer, author, professional speaker and champion for the people of agriculture. This insightful and fun-filled presentation highlights the stupid things families do that break up their business. Brown will discuss in-laws and out-laws, money expectations, daily communications and important meetings. From conversations to contracts, from assumptions to clarification, from complaints to celebrations, we will open eyes and save fighting on the way to the funeral home. This forum is sponsored by First Dakota National Bank.

- Noon-12:30 p.m. SDSU ice cream — Free.

- 12:30-2 p.m. Governor's Forum — Candidates include incumbent, Gov. Dennis Daugaard, R-S.D. and his challengers, Susan Wismer, D-S.D. and Mike Myers, I-S.D.

- 2-3 p.m. U.S. Senate Forum — Candidates include; Mike Rounds, R-S.D., Rick Weiland, D-S.D., Larry Pressler, I-S.D., and Gordon Howie, I-S.D.

- 3-4 p.m. Silver Bullet, Useful Tool, or All of the Above? Key Issues Surrounding Drones for Precision Agriculture — SDSU Extension will be partnering with Measure, A 32 Advisors Company, based in Washington D.C., for a presentation and demonstration of the future of unmanned aerial vehicles in agriculture. It is predicted that in the near future 80 percent of the commercial market for drones will eventually come from agricultural uses with almost limitless applications. Within the next decade farmers and ranchers will be able to monitor their crops and cattle with precision, efficiently and at a fraction of the costs and time. The data drones collect ranges from identifying insect problems, watering issues, to reduce runoff, rationalize fertilizer and pesticide use, measure crop yields or track down cattle in the field. This precision agriculture approach will optimize resource use, protect the environment, improve productivity and profitability per acre and enhance the sustainability of the whole farming operation. This forum is sponsored by Measure, A 32 Advisors Company.

Thursday, Aug. 21

- 10-11 a.m. SDSU Physical Health and Food Safety — The first portion of this forum, titled "Fitness 4 Farmers," will focus on Flexibility for Health and Injury Prevention led by Tara Pratt, SDSU Extension Community Food Policy Field Specialist and Nikki Prosch, SDSU Extension Health and Physical Activity Field Specialist. Pratt and Prosch will discuss the 2008 Physical Activity Guidelines for American adults. They will cover the importance of flexibility for everyday tasks. They will discuss

ways to incorporate stretching/flexibility into daily lives and how physical activity can help prevent injuries. The presentation will end with 15-20 minutes of stretching/flexibility examples. The second portion of the forum will focus on "Backyard Chicks: Cute but Risky," led by Lavonne Meyer, SDSU Extension Food Safety Field Specialist and Joan Hegerfeld-Baker, SDSU Extension Food Safety Specialist. They will discuss what precautions need to be taken to reduce the risk of Salmonellosis when raising backyard poultry. The presentation will also cover, what to do with all those incredible eggs; tips for handling fresh picked eggs to maintain quality and safety; as well as providing information on the regulations for selling farm fresh eggs.

- 11 a.m.-Noon SDSU

Weather Update — State Climatologist and SDSU Extension Climate Specialist, Dennis Today and SDSU Extension Climate Field Specialist, Laura Edwards will review new free weather and climate tools available to producers to help with on-farm decision making.

They will also review current conditions for the growing season and talk about what we can expect through the rest of the growing season and harvest including an update on the current El Nino.

- Noon-12:30 p.m. SDSU ice cream — Free.
