Games

From Page 6B

 "Skylanders: Spyro's Adventure"

Activision, \$69.99 for starter set; Xbox 360, Wii, 3DS

"Skylanders," a spin-off of the "Spyro" series, is a combination of ac-tion game and figurine line with more than 30 characters. Which characters you can control depends on which figurines you own. The starter set includes the game and three figurines, with additional figures sold in packs.

T FOR TEEN

These games are likely to include realistic violence, mature themes, even some blood.

 "Batman: Arkham City" Warner Bros. Interactive Entertainment, \$49.99-\$59.99; Xbox 360, PS3, PC

This sequel to the excellent "Batman: Arkham Asylum" expands the Caped Crusader's operations to a large, walled-in section of Gotham and gives him plenty of enemies to face and new toys. The game really pushes the edges of its Teen rating.

"Everybody Dance" Sony Computer Entertainment,

\$39.99, PS3 This rhythm-based dancing game uses the PlayStation Move peripheral to track dancers' movements as they get down to more than 40 songs, with more available by download. Impor-

tant: It can't be played without the Move, sold separately for \$49.99. • "The 'Ico' and 'Shadow of the

Colossus' Collection"

Sony Computer Entertainment, \$39.99, PS3

Two of the PS2's best games are given a high-definition upgrade and combined in one package. In "Ico," lead a strange girl through a dangerous castle. In "Shadow of the Colossus," scale and defeat 16 massive creatures.

"Rocksmith" Ubisoft, \$79.99-\$199.99; Xbox

360, PS3, PC (Dec. 13)

For the first time since 2005, there's no new "Guitar Hero" or "Rock Band" game to be seen. In their place is "Rocksmith," which features a similar rock song play-along concept but is compatible with real guitars instead of specialized controllers. Available on its own or packaged with an Epiphone Les Paul Jr. guitar.

• "Star Wars: The Old Republic" Electronic Arts, \$59.99, PC, Dec. 20

Developed by BioWare — the com-pany behind the "Mass Effect" games and the RPG "Star Wars: Knights of the Old Republic" — "Star Wars: The Old Republic" will allow players to join the Galactic Republic or the Sith Empire as one of several races and char-. acter classes.

M FOR MATURE

Watch out! Blood, gore, cursing nd other mature content ahead. Alhough 'tweens and teens may put nese on their wish lists, these games ave content that fits the adult age roup

· "Assassin's Creed: Revela-

ons" Ubisoft, \$49.99-\$59.99; Xbox 60, PS3, PC

All three "Assassin's Creed" progonists — the Third Crusade's Altair, e Renaissance's Ezio and the presnt day's Desmond — are in the latest

stallment of this stealth-based series. "Deus Ex: Human Revolution"

Ubisoft, \$49.99-\$59.99; Xbox 360. PS3. PC
