If you have a jewelry box with bling from an old fling or a coffee can full of old coins, you may want to haul it down to the **Holiday Inn Express** this week. “The gold and silver markets have not been this strong for over 30 years” said Dennis Kouts Ohio Valley Refinery spokesperson. Typically when the U.S. dollar is weak and the economy is flat, gold and silver markets soar. “That’s good news if you are sitting on a few gold necklaces or an old class ring” says Kouts.

Starting tomorrow at 9am and every day this week through Saturday, the Ohio Valley Refinery is setting up a satellite refinery right here in **Yankton** at the **Holiday Inn Express**. During their 5 day stay, anyone can bring gold, silver, pre-1970 coins and turn them into cash on the spot explains Dennis Kouts. “Just about everybody has some amount of gold or silver just lying around collecting dust and this week anybody can sell theirs direct to our refinery. Typically selling

direct to a refinery is reserved for larger wholesale customers like jewelry stores, pawn shops and laboratories” says Kouts. “We are changing how business is done,” he explains “we want to do business with everybody so we took our business to the streets”. “Our teams visit various cities around the country hosting 5 day events and allowing the general public to take advantage of our services. “The turnout has been overwhelming” says Kouts. “Usually each day is busier than the previous day. It seems once people come to us and sell something, they are so amazed what an old ring or gold coin is worth, they go home and start digging around for more and telling relatives, friends and neighbors. It’s like a feeding frenzy by the third day. People line up with everything from gold jewelry to sterling silver flatware sets to old coins. I think during this bad economy everybody can use extra money, but most people say they are taking advantage of selling direct to our refinery because of the higher prices we pay”.

During this special event, anyone is welcome to bring all types of gold, silver and platinum to the refinery and turn it in

for instant payment. The types of items they will accept include all gold jewelry, gold coins, gold ounces, dental gold, old coins made before 1970 including silver dollars, halves, quarters and dimes, anything marked “sterling” including flatware sets, tea pots, silver bars, silver ounces and all industrial precious metals.

What should you expect if you go to the event to sell your gold and/or silver? Just gather up all gold, silver and platinum in any form. If you are not sure if it’s gold or silver, bring it in and they will test it for free. When you arrive at the event you will be asked to fill out a simple registration card and will be issued a number. Seating will be available. When your number is called you will be escorted to a table where your items will be examined, tested and sorted. This only takes a few minutes, using their expertise and specialized equipment. Items will be counted and/or weighed. The value of the items will be determined based on up to the minute market prices. Live feeds will be available at the event displaying current market prices of all precious metals. If you choose to sell your items, they will be bagged and tagged

and you will be escorted to the cashier to collect your payment. Waiting time to sell your items may range from just a few minutes to 1 hour, so bring something to read. If you are the owner of a jewelry store, pawn shop, dentist office or a dealer you are encouraged to call ahead to make an appointment with the smelt master to discuss their special dealer programs. They can be reached during Refinery hours at **(217) 787-7767**.

Ohio Valley Refinery will open for business tomorrow from 9am–6pm. The event continues every day through Saturday. No appointment is needed for the general public.
