# MMC Named 'Military Friendly School'

Mount Marty College has once again been named a 2016 Military Friendly® School by Victory Media, the leader in successfully connecting the military and civilian worlds.

The Military Friendly® Schools designation is awarded to the top colleges, universities, community colleges and trade schools in the country that are doing the most to embrace military students, and to dedicate resources to ensure their success both in the classroom and after graduation. The methodology used for making the Military Friendly® Schools list has changed the student veteran landscape to one much more transparent, and has played a significant role over the past seven years in capturing and advancing best practices to support military students across the country.

"We are extremely honored to be named a Military Friendly School for the fourth year in row," said MMC President Marcus Long. "Mount Marty has a long tradition of educating our nation's veterans and servicemen and women. We are proud to be able to offer them quality higher education and help them grow in their faith."

Institutions competed for the elite Military Friendly® School title by completing a survey of more than 100 questions covering ten categories, including military support on campus, graduation and employment outcomes and military spouse policies. Survey responses were scored against benchmarks across these key indicators of success.

# YPD Offering Citizens Academy In 2016

The Yankton Police Department is now accepting applications for the third annual session of its Police Citizens Academy which will start Feb. 23, 2016.

This is a 12-week program that gives citizens first-hand information on how and why the department operates, and examines the culture of police work and the organization. It provides an excellent opportunity for the citizens to interact with department members and see the realities of law enforcement.

The students meet every Tuesday evening from 6-8 p.m. The program involves both classroom and interactive instruction.

The Citizens' Academy is not an offer of employment, but a volunteer program to educate those members of the community who want to hear information on law enforcement right from the source. This program is intended to open the lines of communication between police and our community. By allowing citizens a firsthand look at what rules, regulations and policies the police follow, some of the misunderstanding may be alleviated. In addition, YPD officials are building "community partners" that help us to further enhance the effectiveness and safety of the community.

Participants take part in a variety of demonstrations and presentations. Class members are also offered the opportunity to ride along with the patrol officers to see police work first-hand.

Classes may include:

• Community Service Programs, School Resource Officer, and budgets;

• 911 Communications and patrol procedures;

• Yankton County Sheriff's Office and jail tour;

• Traffic Stops, crash investigation and forensic reconstruction;

• Narcotics, YPD training curriculum, K9;

• Special Response Team demonstration, firearms, Crisis Negotiations Team;

• Firearms simulation training, Critical Incident Stress Management, and Active Shooter Response;

• Practical Exercise where "citizens" respond and handle a mock-up crime scene.

If you are interested in attending the Yankton Police Department Citizens' Police Academy, complete the application on the City of Yankton website and your name will be placed on the list. The academy will be held at the Yankton Public Safety Center at 410 Walnut Street, Yankton.
