N.W.A. Joins Quartet Of '70s Hit-Makers In Rock Hall

NEW YORK (AP) — The groundbreaking Los Angeles rap act N.W.A. will join a quartet of 1970s era FM radio rockers — Chicago, ick, Deep Purple and Steve I as 2016 inductees into the Rock and Roll Hall

N.W.A., led by Dr. Dre and Ice Cube, was elected after three unsuccessful nominations in a year when a movie about the group's career, "Straight Outta Compton," was a box-office hit. Their hard-core tales of life on the street in songs like "F— the Police" made them a provocative chart presence in the late 1980s and influenced an empire of other acts. Both Miller and Cheap Trick made it dur-

ing their first year on the ballot. The induction ceremony for the Cleveland-based hall will be held April 8 in

Brooklyn's Barclays Center. HBO will televise highlights later in the spring. Guitarist Miller came out of the San Fran-

cisco rock scene and became a dependable maker of pop hits like "Take the Money and Run," "Fly Like an Eagle," "Jet Airliner" and "Jungle Love."

Midwestern favorites Cheap Trick succeeded with a highly amped version of Beatles-influenced melodies on hits "Surrender" and "Dream Police." Their "Live at Budokan" album is one of rock's best-known live sets. Guitarist Rick Nielsen and rumpled

drummer Bun E. Carlos gave them an indelible live presence.

Cheap Trick moved swiftly to capitalize signed a new deal with Taylor Swift's label, Big Machine Records. The band will release its 17th studio album a week before its induc-

"Thanks to all the fans who have supported us for all these years and to the Hall of Fame members who cast their votes," said bass player Tom Petersson. "We are excited and honored.'

The guitar riff for Deep Purple's "Smoke on the Water" remains one of the most recognizable in rock history. Guitarist Ritchie Blackmore was a stalwart in a hard rock act that competed with Led Zeppelin and Black Sabbath for the loyalty of metalheads.

Before shortening its name from the Chicago Transit Authority, Chicago was known for its jazz-rock fusion. The band had a string of pop hits including "Saturday in the Park," "25 or 6 to 4," "If You Leave Me Now" and "Does Anyone Really Know What Time it Is?"

More than 800 voters of the Rock and Roll Hall of Fame Foundation selected the inductees.

The influential disco-era band Chic is becoming the Susan Lucci of music, failing to win induction in its 10th year as a nominee.

challenges that every school play has is having to do it with no money."

This is the reason Miner values her creative team to utilize its past experiences and contacts to help produce the best materials from minimal resources.

The team recently held a fundraiser involving the sell-from-home company Jamberry featuring nail polish, gel and wraps.

Reimler and Amsberry, fans of the product, hosted the party through a Facebook page where people could buy products through the musical's party and receive a percentage of the profits.

"That is the joy of doing this for so many years," Kallis said. "You just build relationships with people who understand what you're doing and what your end goal is."

The group is looking to coordinate more fundraisers once production plans progress. For now, the team members are hoping to land on their feet in terms of

organizing their own parts, as well as building the skill set of the cast.

Auditions will be held the third week of February and Miner is anxious to see what YHS students can bring to the table in terms of commitment.

"This play lets us pull out all the stops," Miner said. "No one around here has done it before — because it is daunting and most people haven't seen it — so we get to make it our own."
