Grandparents:
Jerry & Janet Melick

Olivia Grace Hansen
Brendon & Sara Hansen

Riley Sudbeck
Doug & Rachelle Sudbeck

Tarynn Torsney
Jennifer & James Torsney

Lydia Rachel Orton
Jeremy & Monica Orton
Grandmother: Aldine V. Mayer

Audrey Elizabeth Miller
Eric & Nancy Miller

Brady Wray
Michael & Temple Wray

Addison Boese
Grandparents:
Illraye & Duane McDonald

Haven Ruis
Brian & Jodi Ruis

Cayden Nickels
Terry & Stacey Nickels

Braden Beran
Brian & Amy Beran

Celebrate Kid's ENT Month with a hearing screen for your baby.

Your baby can't tell you if he or she can't hear. Babies who do not hear your voice, a lullaby or a nursery rhyme may have problems learning to talk. Hearing loss is a hidden disability; that's why it is so important to have your baby's hearing evaluated. Nationally, 3 out of every 1,000 babies born have permanent hearing loss. Most babies born with hearing problems are otherwise healthy and have no family history of hearing loss.
