

WEBSTER'S DANCING FEET

SUBMITTED PHOTO

Webster Elementary Student Council sponsored a Father & Daughter and Mother & Son Valentine's Day Dance on Friday, February 10th. Many Webster students came to the dance, and many were dressed up and enjoying their date with their parents. The families really enjoyed dancing to the music provided by DJ all evening. We also had free refreshments to enjoy. Fun times were had by all. This event was free to Webster families and paid for by Student Council from BoxTop money that is raised at the school.

ARROW OF LIGHT WINNERS

SUBMITTED PHOTO

On Feb. 19th, Cub Scout Pack 102, Yankton celebrated their Blue & Gold banquet. The Arrow of Light award ceremony was held. Shown are the boys with their award plaques. Front row: Left to Right: Isaac Muehlbeier, Jess Jussel and Rylee Berndt. Middle row: Left to Right: Den Leader John Jussel, Johnny Neu and Noah Anderson. Back row: Left to Right: Joseph Hebda, Arion Huntley and Cubmaster Jason Anderson.

TOURING HISTORY

PHOTO: SOUTH DAKOTA STATE HISTORICAL SOCIETY

A group of residents from Delmont, coordinated by State Rep. Frank Kloucek, left, visited the South Dakota Cultural Heritage Center in Pierre on Feb. 13. While at the center, the group toured the museum and gave some kuchen to Jay D. Vogt, (center left) director of the South Dakota State Historical Society. The center is open seven days a week, and guided tours are available. For more information visit www.history.sd.gov or call (605) 773-3458.

WEBSTER WINNERS

SUBMITTED PHOTO

Junior Kindergarten students at Webster Elementary in Yankton conducted a Book Drive in recognition of Read Across America Week (February 27-March 2). The books were donated to Avera Sacred Heart. ASH will use the books to stock their book cart as well as the family rooms. The donated books will also be circulated to Avera Yankton Care and Majestic Bluffs facilities. Patients and visitors often request books to help pass the time. These Webster Winners are learning to share their love of reading with others. Junior Kindergarten students are pictured left to right with some of the donated books: Allie Byrkeland, Emma Bloch and Porter Cuka.

Why Are Car's Power Brakes Not Working?

BY TOM AND RAY MAGLIOZZI
www.cartalk.com

Dear Tom and Ray:
 I love your show, and I desperately need your help. I am presently the "keeper" of my 25-year-old daughter's 2004 Nissan Maxima. It has a serious problem, which she also has mentioned. On any cold (34 F or below) winter morning, the power brakes are NONEXISTENT. Like, GONE for the first five to seven minutes after starting the car. If you let the car warm up for 10 minutes, they'll kick in. But if you try to head right out onto the road (which I have been crazy enough to try), you have virtually NO brakes. I can pump the brakes really hard and ease to a stop if going less than 1 mph – seriously. Mechanics have suggested everything from the transmission to the master cylinder to a brake line to a vacuum problem. Please help! I don't want to be a kamikaze driver anymore!

– Sharon

RAY: We don't want you to be one either, Sharon. After all, we could be in the car in front of you.

TOM: The first thing I'd suspect would be the power-brake booster.

CAR TALK

Tom and Ray Magliozzi

RAY: The power-brake booster is a device that uses a vacuum-operated diaphragm to multiply the pressure your foot applies to the brake pedal. It's the "power" in power brakes.

TOM: If water has gotten inside the diaphragm, or into the line that runs to it, it could be freezing overnight and preventing the booster from working because the ice is blocking the flow of air.

RAY: Then, once the engine compartment

heats up, the ice melts and the booster works normally.

TOM: We're so used to having power brakes these days that when the "power" part fails, it feels like we have no brakes at all. And today's heavier cars are much harder to stop without power brakes.

RAY: This should be pretty easy to diagnose, Sharon. One option is to simply put a booster in it. I think there's at least an 86.75 percent chance that that will solve your problem.

TOM: Otherwise, you'll have to leave the car overnight with your mechanic.

RAY: First thing in the morning, while the brakes are actually misbehaving, your mechanic can poke around and figure out exactly what's going on.

TOM: In the meantime, stay off the road until your brakes are fully functioning. Remember, body work generally is a lot more expensive than power-brake boosters.

HAPPY BIRTHDAY ROTARY

SUBMITTED PHOTO

Thursday, Feb. 23, is Rotary International's 107th birthday. To commemorate the day locally, Yankton Mayor Dave Knoff declared that day Rotary Day in honor of the club's long tradition of service to the community. The Yankton Rotary Club celebrated our 90th anniversary on Nov 22, 2011, and is Yankton's oldest service club. Knoff, left, is shown presenting a proclamation to Club President Gary Dybsetter.

ROCK-A-BYE BABY BATTLES

KELLY HERTZ/P&D

Sacred Heart Middle School in Yankton recently held "Rock-A-Bye Baby Battles" to collect goods for the Yankton Contact Center. The students were teamed by their houses to collect the goods, which were geared for babies to help promote the premise that a baby is live from conception. The goods were donated to the Contact Center on Feb. 3. Pictured are, from left: teacher Kim Olson and students Evan Dvorak, Quinn Paulsen and Brady Dangler.

DONATING TO DELMONT

PHOTO: SOUTH DAKOTA STATE HISTORICAL SOCIETY

Mike Williams of Delmont, right, recently donated a DVD he produced on the 125th anniversary of Delmont to the South Dakota State Historical Society at the Cultural Heritage Center in Pierre. Accepting the DVD, entitled "Celebrating the Past ... Moving Into the Future," were Jay D. Vogt, left, director of the State Historical Society; and State Archivist Chelle Somsen.

PRETTY IN PINK

SUBMITTED PHOTO

On Feb. 19th, the Pink Ladies Dart League of Yankton made a \$2500 donation to the Avera Cancer Center Foundation. The money was raised by the teams through fundraising and money used to play each Sunday. The check was presented to Darla Gullikson from the Cancer Center. Gullikson informed the group that the money will be used to help individuals in need of assistance and various cancer programs. The Pink Ladies will continue league action again next fall. If you are interested in playing or making a donation, please contact Pam Cunningham at 605-665-4207 or Kerry Hetzel at 660-1179.

A NEW FIRE ENGINE

SUBMITTED PHOTO

Yankton Volunteer firefighters work to ready a new fire engine for service that was picked up at the factory in Snyder, Neb. last week. The 1,500 gpm pumper is identical to the pumper purchased in 2005 which is located at station one. The new pumper will be housed at the new station 2 and replaces a 1982 1,250 gpm pumper.

FILLING A NEED

SUBMITTED PHOTO

Keystone Chapter #33, Order of the Eastern Star presented a check to the Sack Pack Program. Sue Koepp, Worthy Matron and Don Koepp, Worthy Patron presented the check. Background are volunteers that fill the lunches.

Lojek & McQueen Engagement

Anne Marie Lojek and Jared George McQueen were engaged in July 2011 in Bora Bora. Jared carried a specially-designed, triple stone ring with him to their tropical destination.

Anne, from Chester, Virginia, is the daughter of LTC (Ret.) Joseph and Vickie Lojek. Anne graduated from Thomas Dale High School, earned a BS at Sweet Briar College and received a Masters degree from George Mason University. Currently she resides in Fairfax, Virginia, and is employed as a lead technical writer for Battelle Memorial Institute.

Jared, from King George, Virginia, graduated from King George High School and earned a BS from George Mason University. He is the son of Mac and Brenda McQueen of Stafford. After 10 years of experience in information security, Jared runs his own independent consulting practice in Washington, D.C.

Recognizing their strong affinity for warm water beaches, the two will be married this spring in Miami Beach, Florida.
