Celebrate Kid's ENT Month

with a hearing screen for your baby

Your baby can't tell you if he or she can't hear. Babies who do not hear your voice, a lullaby or a nursery rhyme may have problems learning to talk. Hearing loss is a hidden disability; that's why it is so important to have your baby's hearing evaluated. Nationally 3 out of every 1,000 babies born have permanent hearing loss. Most babies born with hearing problems are otherwise healthy and have no family history of hearing loss.

Call 605-665-0062 for your baby's screening

We're H"ear" For You!
