Spring Cleaning Set For River

BY RANDY DOCKENDORF
randy.dockendorf@yankton.net

The Missouri River needs protection, and two May events at Yankton seek to keep the river clean and safe.

The Missouri River Clean-Up will run 8 a.m. to noon May 2, while the Clean Boat Event will run May 2-9.

During the Clean Boat Event, volunteers approach boaters to remind them of the need to keep their crafts clean of invasive species. Boaters can choose whether to hear the short presentation, and the visit is strictly informational and not any form of law enforcement.

"Teams will be working at seven to nine different boat ramps for the event above and below Gavins Point Dam in both Nebraska and South Dakota," said Paul Lepisto of the Izaak Walton League of American (IWLA).

The Clean Boat Event helped keep zebra mussel below Gavins Point Dam in past years. This year, a single zebra mussel was found in Lewis and Clark Lake.

Lepisto hasn't heard of any new discoveries of zebra mussel in the lake. However, he noted the latest development has shown the importance of the Clean Boat Event. He emphasized the need to keep invasive species out of an area, as they may be difficult or impossible to eradicate.

"The discovery of the one adult adds a new sense of urgency to the event," he said. "It shows that somehow one single adult zebra mussel got into the lake, so people need to know how to prevent their spread. The Clean Boat Event will help provide them with that information."

Volunteers can sign up as individuals, teams or organizations. They can spend any amount of time working the ramps.

The effort seeks to help boaters recognize invasive species and the steps needed to keep them from spreading, said Ranger Dugan Smith with the National Park Service.

"We are promoting clean transportation this year because of what the invasive species are doing," he said. "The message is how important it is to keep

KELLY HERTZ/P&D

your boat clean. You can unintentionally transport invasive species."

Smith is also working with the River Clean-Up. The effort usually pulls around three tons of trash and debris annually from the Missouri River, stretching from Gavins Point Dam to points past Yankton, he said.

"The clean-up has become a well-tuned machine. We're now in our 12th year. We can always use teams for the clean-up," the ranger said. "We usually average 80 to 100 people. But if you've got a beautiful day, we could be looking at 100 to 120 volunteers."

The morning begins with a short briefing and safety talk. Volunteers can board boats which take them to points along the river, with the boats transporting trash back to a Riverside Park pick-up point.

"We have six boats lined up with two or three more expected," Smith said. "Those (volunteers) who don't want to go out on the water can still clean up in Riverside Park."

The clean-up effort uses a loader, dump truck and garbage truck, according to Mary Robb with the City of Yankton.

"They take out and sort the garbage that's collected," she said. "The tires, metal and wood can be recycled. We recycle as much as we can, and the rest is thrown out."

The morning clean-up will end in time for people to attend the afternoon River Rendezvous in Riverside Park.

The annual clean-up could be switched to every two years, if needed, Smith said. However, the effort continues to find more trash and debris, particularly since the historic Missouri River flooding in 2011, he said.

Besides caring for the river, the clean-up provides a valuable and breath-taking opportunity for its volunteers, Smith said.

"Unless you have a boat, not many people get out on the river and go up and down it for 5 or 10 miles," he said. "Here, people discover the vastness of the river."

Armour Awarded Clean Bus Rebates

WASHINGTON — The U.S. Environmental Protection Agency (EPA) is awarding the Armour School District in Armour up to \$80,000 in rebates to replace up to four older diesel school buses with new buses that are more than 90 percent cleaner.

EPA's award is part of \$3 million in rebates being awarded nationally to replace 210 older diesel school buses with new buses that will reduce pollutants such as nitrogen oxides and particulate matter that are linked to health problems including asthma and lung damage. Seventy-six school bus fleets in 30 states will receive rebates through EPA's Diesel Emissions Reduction Act (DERA) funding to replace school buses.

Observe Posted Road Weight Limits

While traveling our South Dakota Highways, you will observe some roads with posted weight limits. During the spring season you will notice that the South Dakota highways will have posted weight limits advising that we must reduce our loads during the spring thaw in order to protect the public's investment in our highways.

Spring load limits generally begin by Feb. 15 and can be in effect for as long as April 15. Observe and follow the legal weight limits and help protect our highways.

Soil Health Event Set For Mitchell

BROOKINGS — A Soil Health Event will be held Feb. 19 in Mitchell. This is the third in a series of soil health events being held in South Dakota this winter. The Mitchell Soil Health event will be held at the Nordby Trade Center in Lecture Hall 522, at the Mitchell Technical Institute (1800 E. Spruce St, same building as the SDSU Extension Regional Center located on the south side of I-90, exit 332 across from the sale barn).

The event begins at 8:30 a.m. with registration, and will wrap up at 3:30 p.m. This event is free and open to the public. Organizers request that those planning to attend RSVP by Feb. 17 at 605-996-1564 ext. 3.

Lunch is provided with support from numerous sponsors. Topics covered during this event will focus on crop production tactics geared to help farmers build soil health on their farms.

The day begins with a presentation by Lisbon, North Dakota, producers, Andy and Mitch Hoenhause. The Hoenhauses' have been dealing with wet planting conditions on their farm for a number of years. They have been using no-till and cover crops to help manage some of the excess moisture. They will share their experiences as lead off speakers for the day.

Other speakers include:

- Cheryl Reese with the South Dakota State University Plant Science Department;
- Pete Sexton, Associate Professor and SDSU Extension Sustainable Cropping Systems Specialist;
- Dwayne Beck, manager of the Dakota Lakes Research Farm and Anthony Bly, SDSU Extension Soils Field Specialist;

The event will also include a Legislative Update provided by Caron Assman from South Dakota Wheat, Inc., and a producer-lead cover crop panel.

The day will wrap up with a presentation by Jeff Zimprich, State Conservationist from the USDA-NRCS who will discuss the importance of soil health.

A full agenda can be viewed at iGrow.org or at www.sdnottill.com. CEU's for CCA's will be available.

WALL STREET RECAP

NEW YORK (AP) — Stocks closed near an all-time high Thursday as technology, materials and energy companies notched big gains. Energy stocks rose as the price of oil rebounded. Traders were also encouraged by an acquisition in the online travel business and news of a ceasefire deal in Ukraine. The Standard & Poor's 500 index ended just two points shy of its all-time high reached Dec. 29.

ON THURSDAY:

ON THIS DATE

75 YEARS AGO
Tuesday, February 13, 1940
• Abraham Lincoln's warning on 1840 that a government which continues to live beyond its mean will meet disaster is more than ever needed in 1940. Yankton county republicans were told at their Lincoln Day banquet at Hotel Yankton last night.
• High scores in the South Dakota College basketball conference have pretrially abandoned hope of catching lanky Bob Goodbarn, Sioux Falls center, in the race for top honors and are beginning to calculate and concentrate on the

runnerup position.
50 YEARS AGO
Sauria, February 13, 1965
• Yankton High School's Buck wrestlers lost their first dual match of the season and with it the ESD Conference championship to Sioux Falls Washington in Yankton last night. Sioux Falls won by a 33 to 8 margin and became the undefeated ESD champions with the Bucks pulling out a second place finish in the conference.
• Yankton High School's basketball Bucks played their greatest game of the season last night

before a standing room only crowd at the Yankton Senior High gym and came away with a stunning 68 to 53 win over the Sioux Falls Washington High Warriors.

25 YEARS AGO
Tuesday, February 13, 1990
• Several parents of Stewart Elementary School fourth-graders expressed concerns about overcrowding at Monday's Yankton School Board meeting.
• The Yankton School Board will apply for federal funding to start an alternative education program for disadvantaged students.

DAILY RECORD

POUND COUNT
Several animals are available at the Yankton Animal Shelter. For more information, call the Yankton Police Department's animal control officer from 8 a.m.-4 p.m. Monday-Friday at 661-9494, or 668-5210.

DAILY RECORD POLICY
The Press & Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.
It is the policy of the Press & Dakotan to publish all names made available in the police and court reports. There are no exceptions.

ARRESTS
• Ashton Hood, 18, Yankton, was arrested Wednesday on a probation hold and warrants for failure

to pay a fine and failure to appear.
• Elizabeth Dubray, 39, Yankton, was arrested Wednesday on a warrant for failure to comply.
• Douglas Breen, 36, Yankton, was arrested Thursday for unauthorized ingestion of a controlled drug or substance, possession of a controlled substance, fleeing and on a warrant for failure to appear.

ACCIDENTS
• A report was received at 8:13 p.m. Wednesday of an accident.
INCIDENTS
• A report was received at 5:50 p.m. Wednesday of a drug complaint.
• A report was received at 10:17 p.m. Wednesday of fraud.
• A report was received at 9:45 a.m. Thursday of vandalism.
• A report was received at 10:55 a.m. Thursday of a sex crime.
• A report was received at 10:57 a.m. Thursday of an assault.

CRIME STOPPERS
Anyone wishing to report anonymous information on unlawful activity in the City of Yankton or in Yankton County is encouraged to contact the Crime Stoppers tip line at 665-4440.

LOTTERIES

THURSDAY'S RESULTS
2 BY 2: Red Balls: 19-22, White Balls: 9-13
MY DAY: Month: 2, Day: 2, Year: 27
PICK 3: 3-6-1
PICK 5: 08-11-12-16-37

CORRECTION

Senate Bill 77 that would allow breast-feeding anywhere a mother and child are authorized to be in South Dakota didn't receive final approval Wednesday from the state House of Representatives. The legislation was removed from the House consent calendar. It was then scheduled for debate Thursday but House members deferred their entire debate calendar to Tuesday. Reporter Bob Mercer apologizes for the error.

BOARD OF TRADE

CHICAGO (AP) — Grain futures were mostly lower Thursday on the Chicago Board of Trade.
Wheat for March delivery fell 4.50 cents to \$5.2125 a bushel; March corn was off 2.75 cents to 3.83 a bushel; March oats lost .25 cent to \$2.7325 a bushel; while March soybeans gained 6 cents to \$9.8375 a bushel.
Beef and pork were higher on the Chicago Mercantile Exchange. April live cattle was up .02 cents to \$1.5112 a pound; March feeder cattle rose 1.55 cents to \$1.2030 a pound; while April lean hogs were .68 cent higher at \$.6450 a pound.
