DAILY RECORD POLICY

The Press and Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not

imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.

It is the policy of the Press and Dakotan to publish all names made available in the police and court reports. There are no exceptions.

• Nicolas Hawley, 34, Burbank, was arrested Thursday for passing two checks against a nonexistent account (third) and writing a no-account check and writing an insufficient funds check

(third).

• David Hansen, 58, Yankton, was arrested Thursday for petty theft (\$400-\$1,000) and identity theft (24 counts).

education, providing those funds were used in addition to changes made to the funding formula.

"I think that's a good strategy when you find yourself in a situation where you have maybe more money than you originally thought or more money than you're sure you can sustain long-term, because those dollars can still do really good, even in the short term," he said. "The more money we can get down into our classrooms to me is ideal, so if some of that comes from one-time funds on top of increases to the formula, I think that can be a good thing."

As the legislative session gets under way, Moser said it is important for residents to keep in contact with those who represent them.

"I always want to encourage constituents to get ahold of their legislators," he said.

75 YEARS AGO

• Arrival of the promised cold wave dropped temperatures here this morning to 15 degrees below zero, the coldest of the winter so far. The freeze failed to hold old snow banks and the drifting from these added to the light snow fall during the day yesterday caused a new tie up of traffic conditions.

• Providing that weather conditions permit their opponents to make the trip here today, the Yankton College Greyhounds will open their conference bas-

ketball season at the high school auditorium this evening against the flashy Dakota Wesleyan five, which comes to Yankton with an impressive early season record.

• Three new faces joined the Yankton County Commission Tuesday at its

annual reorganizational meeting. Commissioners George Mueller, Deane Williams and Robert Roper stepped down after more than 60 combined years of service on the county board, and were replaced by Jerry Bienert, Kathleen Piper and Harold Van Driel.

• Alumax Inc., a nationwide company that operates a Yankton plant, bought back stock it sold to two Japanese firms and now is American-owned for the first time since 1974. Officials in Yankton say the foreign capital helped set plans in motion for expansion at their plant.

Offering cremation and offering on-site cremation are two entirely different options.

When other funeral homes say they offer cremation, they use other facilities...sometimes far away. We, on the other hand, don't have to so much as leave the front door. Our on-site crematory is just one way we show that closeness counts.
