

One must also remember that your nervous system runs your whole body and all of its functions; your immune system, your heart, your healing ability, etc., even your digestive system. All these function under direct orders from your nervous system. It therefore stands to reason, that if there is an interference with the normal function of your nervous system, your body will not work the way it

4. **Multi-vitamin and Mineral complex** that contains copper, manganese selenium and potassium is very important because Crohn's,

The above will help you and your child deal with these conditions a little easier, but the number one recommendation I could make is to call us; we can help!
