

OBITUARIES

Rudy Poznicek

Rudy J. Poznicek, age 84, of Yankton, SD passed away unexpectedly on Tuesday, December 31, 2013 at his residence.

Funeral services will be Saturday, January 4, 2014 at 2:00 p.m. at the Opsahl-Kostel Funeral Chapel in Yankton, SD with Rev. Dean Schroeder officiating.

Visitations will be 5 to 7 p.m. Friday evening, January 3, 2014 at the Opsahl-Kostel Funeral Home & Crematory, Yankton, with a Scripture service at 7:00 p.m. Visitations will resume one hour prior to the service at the funeral home. Burial of cremated remains will be at a later date.

Rudy was born May 21, 1929 to James & Marie (Kuratha) Poznicek near Geddes, SD. At an early age, the family moved from Geddes to a farm east of Tyndall where he spent his childhood and early teens. When he was 5 years old, his mother died leaving his father to raise him and his siblings, a brother Frank, age 13, sister, Lillian, age 9 and Sylvia, 9 months old. Rudy completed the 8th grade at a rural country school near Tyndall. He lost the sight in one eye in a farm accident when he was 15 years old. He worked on the farm with his dad doing field work (even

Poznicek

planting corn with horses when he was 12) until his dad left the farm in 1947. Rudy was on his own at age 17. After leaving the farm, he worked as a hired hand in the Lesterville area and also went to Sioux Falls and held several jobs, but the love of farming brought him back to Lesterville where he worked for Dan Morrison until he was drafted to the U.S. Marine Corps and did his training in San Diego, CA. During that time, he met his future wife, Mary Ellen Jensen, in Lesterville in 1951 and they both knew immediately that they were meant to be life's partners no matter what.

Rudy was honorably discharged from the Marines and came back to the Utica area and worked as hired help for Emil Kozak and Doc Fosterman by Utica. He and Mary Ellen started farming on their own in 1954 on her grandmother's farm. They had to postpone their June wedding day because of a bad hail storm that took their crops and a tornado that took several buildings, injured some of their cattle and damaged their car. They married later that year on No-

vember 7, 1954 and were married over 59 years. They moved to a different farm in the spring of 1955 and Rudy always said it was the happiest days in his life as he finally had a home of his own to enjoy and not have to live with other people.

Rudy and Mary Ellen farmed for the nearly 50 years. They purchased their own farm in 1973, but had farmed it since 1961. They were partners in farming and always helped each other with any task that needed to be done, from picking corn to cleaning chickens. He also helped his neighbor by lending a hand. They built a new home by Yankton in 1992 and Rudy continued going to the farm everyday. He retired from the farm in 2000, but continued to go to the farm to cut hay and do upkeep on the buildings. They sold the farm in 2008.

Rudy was a true farmer and loved the land. He never came into the house to eat or rest until his cattle were taken care of and all chores done. His fields were always clean, free of weeds and work done on time. Like so many of his friends, he took great pride in his family and was always worried about them.

When he was in the hospital the doctor came in and was asking questions like they always do, what's your

name? When is your birthday? He then asked Rudy, if you have 7 quarters, what do you have? Rudy right away said 1120. The doctor was baffled until he was reminded that to a farmer a quarter is 160 acres! He was a true farmer!

Rudy was not into sports, but loved watching Gunsmoke and Rifleman, and listening to Czech music.

He is survived by his wife, Mary Ellen of Yankton; son, Steve of Vermillion, SD, daughters, Julie (Rich) Fischer and Donna (Paul) Mutschelknaus, both of Lesterville, SD; 3 granddaughters, Shanda Mutschelknaus of Sioux Falls, SD, Emily Mutschelknaus of Sioux Falls, and Jenny (Leo) Grate of Yankton, SD; 1 great grandson; sisters, Lillian Maurer of Kansas City, KS and Sylvia (Dean) Fischer of Grand Junction, CO; a sister-in-law, Marie, and many nieces and nephews.

He was preceded in death by his parents, brother, Frank, and nephew, Jim.

He will be greatly missed by his family and friends.

'Give Kayaks A Try' Event Set For Jan. 18

Members of the South Dakota Canoe & Kayak Association are offering a free "Give Kayaks A Try" event from 10:15 a.m.-12:45 p.m., Saturday, Jan. 18 in the YHS/Summit Activities Center swimming pool.

The event is free, but it's open only to the first 14 people who sign up. A waiting list also is available. Participants should dress to "get wet" and can use the locker rooms at the SAC to change clothes.

This event will give participants a chance to see what kayaks feel like on the water in a controlled setting with no mud, sand or current. Paddlers will learn basic equipment and kayak nomenclature before getting into the cockpit.

While free-form the event will offer some basic instruction (provided by SDCKA members) on:

- Entry and exit
- Paddling strokes
- Kayak "feel"
- Wet exits
- Straightforward self-rescue and assisted-rescue methods.

Call organizer Jarett C. Bies at 605-941-4940 for more information. The class will fill up fast, so don't delay.

school bond election passed before that year was valid unless proven to be constitutionally defective.

According to the superintendent's "Kindle's Korner" column in the Dec. 19 issue of the *Press & Dakotan*, the school district's original financing was broken down into two parts to save interest expenses due to tax-exempt bonding requirements in a calendar year. General Obligation Bonds in the amount of \$7,000,000 were issued in December 1993, with a second issuance of \$4,990,000 in February 1994.

The two issues were combined and refinanced into one issue in December 1998, saving the district \$976,870 in interest. The issue was then refinanced again in 2008 to save an additional \$107,000 in interest. The amortization structure of the refinancing left \$60,000 of par value bonds dated Dec. 15, 2013, as the final payment.

The original marketed levy in 1993 was \$2.40 per thousand, but that decreased over the years as the refinancing took place and the taxable valuation of the school district increased. A final levy of \$1.005 per thousand was last assessed on property in 2011.

Kindle said he was thankful of the YSD patrons that helped financially support the facility during the last 20 years, regardless of their original stance on the project.

"There was certainly some opposition to the facility at the time," he said. "But I also think that, over the years, there's the possibility that some of that opposition lessened as they saw the need for it and how much it has been used."

Not long after the state Supreme Court's decision, construction began on the YHS/Summit Activities Center.

"It really doesn't seem like that long ago," said Kindle, who was an administrator at the Yankton Middle School at

the time. "I can remember very clearly when the land was purchased and they had to leave a pile of dirt sit out there for a number of months to make sure the ground compacted like it should. I can also remember taking two or three tours while the facility was being built. It was quite the amazing project at the time."

The YHS/Summit Activities Center opened its doors to high school students in September 1996, with the recreational facilities opening in January 1997.

Since then, the facility has served students and community members in a variety of ways, both academically and athletically, Kindle said.

In addition to housing educational facilities for YHS, the Summit Activities Center includes a theatre, pool, two gymnasiums, multi-purpose rooms, weight and fitness rooms and a variety of other recreation areas.

"The theatre has been used by not only the school district, but also several organizations in town have hosted events and concerts over the years," he said. "We've also been able to work with the Roger Haas committee to bring in a number of sporting activities through their tournaments. We've also been able to host some state events, and also some statewide conventions and events that would not have been held otherwise had we not had that facility."

Reflecting back on the facilities the school district had before 1996, Kindle said it's difficult to imagine Yankton not having the YHS/Summit Activities Center.

"It's been a great addition to the facilities for the high school," he said. "It opened up some real urgent needs we had at the middle school at the time, and it took care of a lot of the scheduling issues we had with other events in the community. I'm not really sure that we could get along without it."
