Mead Update

PHOTO: DAKOTA TERRITORIAL MUSEUM

Where old meets new. Pictured above is a sample of the replacement plaster molding which is still in need of dentil blocks. This area experienced severe water damage which resulted in the failure of the decorative plaster. The new molding is being fabricated on site using a blend of traditional and contemporary plastering techniques. When complete there should be no visible difference between the work done this winter and that done more than 100 years ago. You may contact the museum for more information or check out the website at www.meadbuilding.org. If you have questions about the project or events you can contact us at the Dakota Territorial Museum at 610 Summit Street (in Westside Park), on Facebook, or call us at 605-665-3898. The museum is open Noon-4 p.m. seven days a week.
