SDHSAA Academic Achievement Team Awards

PIERRE — The South Dakota High School Activities Association (SDHSAA) has announced its 2014-2015 fall semester Academic Achievement Team Award recipients.

Initiated during the 1996-97 school year, the SDHSAA Academic Achievement Team Award program is designed to recognize varsity athletic teams and fine arts groups for their academic excellence. The South Dakota High School Activities Association believes that high school students learn in two distinct ways; inside the classroom and outside the classroom — on the stage and/or athletic field. This academic program creates a positive environment for school teams to have its members excel in the classroom. This program is also meant to motivate students toward academic excellence and to promote academic encouragement from teammates.

All varsity teams that participate in Association sponsored activities are eligible for this recognition program. Based on a duplicated count, as reported in the 2013-14 SDHSAA Participation Survey, more than 28,050 students participate in interscholastic

athletics and more than 28,620 more are involved in fine arts activities. The Academic Team Award program provides high school students with the opportunity to prove they can be overwhelmingly successful in both academics as well as in athletic and fine arts activities.

All varsity athletic teams and fine arts groups that achieve a combined grade point average of 3.0 or higher are eligible to receive the award,
