BTN Moves To Expanded Basic On Charter, Cable One

OMAHA, Neb. (AP) — Two major cable television companies in Nebraska are making the Big Ten Network more accessible to their customers.

Charter and Cable One have added BTN to their expanded basic digital services.

Charter announced Friday that the network will remain on channel 425 and be seen by both expanded basic digital and SportsView customers. BTN is also available at no additional cost for high-definition customers on channel 768.

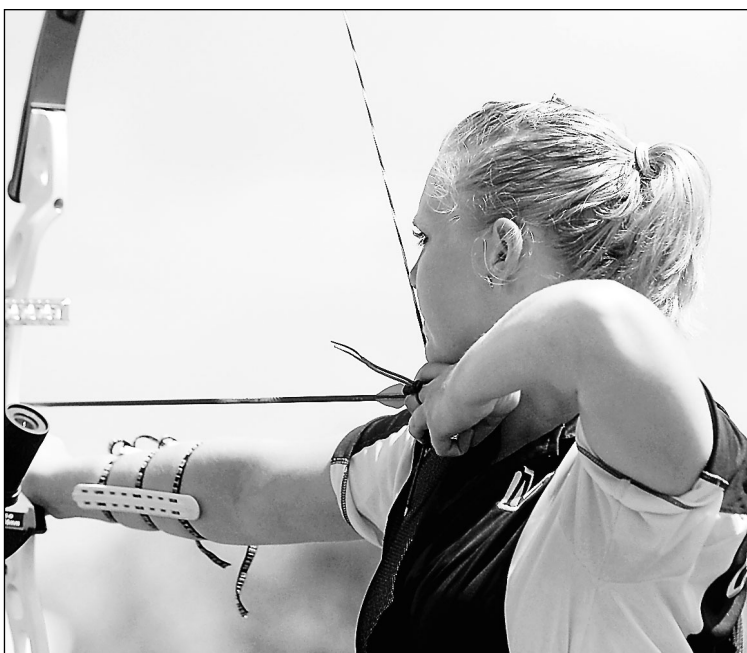

Cable One said its expanded service would be available by Sept. 1 but no channel assignment was announced.

The moves come five weeks before the Cornhuskers open their football season against Tennessee-Chattanooga. BTN had threatened to withhold three Huskers games from Nebraska cable companies that didn't move the network to standard service from a more expensive, upper-tier service.
