Yankton Firefighters Heading To Black Hills

From P&D Staff Report

A three-man team of firefighters from Yankton is heading to the Black Hills to fight a large blaze near Pringle. According to the Yankton Fire Department, the fire started Thursday afternoon and had grown to 1,000 acres by Thursday night. As of Friday afternoon when the Yankton team was summoned, the wildfire had grown to 9,000 acres and was threatening the towns of Pringle and Argyle, both located near Custer. The crew, along with a truck, will probably be on the scene for several days, according to Assistant Fire chief Larry Nickles. A relief crew may be sent out next week.

NPS Bridge Walk Programs Slated July 23-26

National Park Rangers from Missouri National Recreational River will be at the Territorial Capitol replica in Yankton's Riverside Park from 10 a.m.-4 p.m. most weekdays this summer to answer questions about the river and provide information to visitors and the community. A new exhibit now on display shows some of the "outstandingly remarkable values" that led Congress to designate these segments of the Missouri as a recreational river under the Wild and Scenic Rivers Act. Rangers will also conduct walks to the historic Meridian Bridge and present short talks on a variety of subjects. The walks will begin at the Territorial Capitol replica at 11:30 a.m., 12:30 p.m. and 3 p.m. Upon reaching the bridge, the talks will last no more than 15 minutes, after which visitors may continue across the bridge, return to downtown Yankton, or chat with the ranger on the way back. In the event of rain or heat warnings, talks will be given in the capitol building. Next week's schedule includes:
• Monday, July 23: "Simple Schemes to Sink a Steamboat." — The treacherous river and human errors sank hundreds of steamboats on the wild Missouri.
• Tuesday, July 24: "Then and Now." — The Missouri River, its users, and uses have changed over the centuries. What does this mean for the river in our future?
• Wednesday, July 25: "The Missouri River: Connecting the Past and the Future" — How has the Missouri River changed and been changed over the centuries? What will the river be like in the future? Walk with a ranger and discover what changes and what remains the same.
• Thursday, July 26: "Birds and Bars" — Learn how the Missouri River forms sandbars and the importance of sandbars to two protected species of birds.

City To Consider RFP For Complex Consultant

BY NATHAN JOHNSON
nathan.johnson@yankton.net

The Yankton City Commission will consider putting out a request for proposals Monday for a consultant to determine the community's sports complex needs. The commission initially discussed the possible need for a consultant during a recent budget meeting. "The idea behind hiring a consultant is, he has no skin in the game," Mayor Nancy Wenande said during a Friday media briefing. "He's not going to favor soccer over football, or whatever it might be. He'll be able to look at it based on the numbers and the assets we already have in the community — if we decide to go with a consultant of that nature." One element fueling the possible need for a sports complex is that the Yankton Youth Soccer Association fields on Human Services Center property could be displaced. The City of Yankton purchased the property earlier this year and plans to develop it into commercial space. Also on the agenda Monday is consideration of play equipment for Sertoma Park, a parking request for Ribfest, funding application assistance for a new Ability Building Services residence and a utility right-of-way for the Services Center Federal Credit Union. The meeting gets under way at 7 p.m. in the City of Yankton Meeting Room, located at the Technical Education Center, 1200 W. 21st St.

• While definite moving orders have not yet been received it is known that Battery "E", 147th Artillery, will leave Yankton early on the morning of August 8 for Swanville, Minn., where an entire artillery brigade will be mobilized as part of a full division, the other arms of which are to be mobilized at Camp Ripley. The battery will return to Yankton, August 21.

• The U.S. Supreme Court had no business erasing the boundaries of the Lake Traverse Indian Reservation, according to John Two Stars Sr., a 79-year-old Sisseton-Wahpeton Sioux tribal official who is working to restore the boundary lines. "We're going back to the Congress because we made a deal with Congress in 1867, and they're the only ones who can take those boundaries. The Supreme Court had no business taking those boundaries away from us. We never dealt with the Supreme Court," he said.

PSAHL-KOSTEL FUNERAL HOME & CREMATORY INC.
Guiding and serving families with compassion and trust.

"They were there for us..."

I could tell when Dee was in the nursing home that things were starting to get worse. So I came out to talk with Kevin and Tami and said, "I think we should maybe make some arrangements". We had never planned anything other than Dee mentioned she would like to have Opsahl-Kostel take care of things should something happen.

Kevin and Tami were so helpful! They set up the arrangements, helped get photos and information that I needed, etc. They were absolutely wonderful. I would highly recommend Kevin and Tami and the staff at Opsahl-Kostel Funeral Home & Crematory for your funeral arrangements.
