

Yankton Teen Arrested In Connection With String Of Burglaries

BY NATHAN JOHNSON
nathan.johnson@yankton.net

A 15-year-old Yankton male has been arrested in connection with a string of building and car burglaries, according to Yankton County Sheriff Jim Vlahakis.

The teen was arrested Monday on two counts of third-degree burglary, two counts of theft from a motor vehicle, four counts of criminal entry of a motor vehicle, third-degree petty theft, possession of a controlled substance and possession of marijuana.

Vlahakis said that many vehicle and garage burglaries were reported between May and July. Among the items taken were cash; electronic equipment such as cell phones, iPods and cameras; credit cards; and hunting equipment.

"The majority of these thefts occurred in the Riverside Acres area," Vlahakis stated. "After investigation, deputies of the Yankton County Sheriff's Office recovered a majority of the stolen items from the suspect's residence. Items were also seized connected to a burglary of a residence in the City of Yankton."

The investigation is continuing, and there is a possibility of additional arrests, Vlahakis added.

YSD Earns Certificate Of Excellence

From P&D Staff Reports

The Certificate of Excellence in financial reporting has been awarded to the Yankton School District (YSD) by the Government Finance Officers Association of the United States and Canada (GFOA).

The certificate was awarded to YSD for its comprehensive annual financial report (CAFR). The certificate is the highest form of recognition in the area of governmental accounting and financial reporting.

In addition, an award of financial reporting was also awarded to YSD business manager Jason Bietz, who is the person primarily responsible for preparing the CAFR.

CAFR's are judged by a panel to determine if they meet the standards of the program, including demonstrating a constructive "spirit of full disclosure" to clearly communicate its financial story and motivate potential readers to look over the CAFR.

Streets Need To Be Cleared For Project

The City of Yankton will begin cold asphalt milling starting on Monday, July 15. This project will take 3-5 days.

The following streets will be affected by this project:

- 19th Street – Broadway Avenue to Peninah Street;
- and Alumax Road – Whiting Drive East to Railroad Tracks.

The City of Yankton Street Department will need to have the above streets cleared of all vehicles, trailers, campers, etc. Those vehicles will need to be off the above named streets by 6:30 a.m. on Monday, July 15, through Friday, July 19, and are to be kept off the streets throughout the day each day for that week. Alternate routes need to be used.

The public's cooperation during this project will be greatly appreciated.

Political Camp Scholarships Remain

PIERRE — Students interested in politics still have a chance to apply for 10 remaining \$100 scholarships available for the upcoming Teen Leadership Camp in the Black Hills.

The camp, sponsored by the Teen Age Republicans (TARs), is attended by students from across the state and features a variety of fun and educational opportunities.

Middle school and high school students interested in politics or public service are invited to participate in the camp, which will be July 22-27. In previous years, students have spent time with top elected officials, including U.S. Sen. John Thune and Gov. Dennis Daugaard, visited Mt. Rushmore, spent an afternoon at the Rushmore Water-slides, participated in educational sessions, and enjoyed the beauty of the Black Hills.

Those interested in the \$100 scholarships can visit www.sdtars.com or contact State Advisor Dusty Johnson at stateadvisor@sdtars.com or 605-280-5511.

Free Breastfeeding Class Set For July 24

The Community Health Nurses will be hosting a free breastfeeding class at 5-7 p.m. Wednesday, July 24, at the Community Health Office, Yankton County Government Center, 321 W Third St.

The class will be offered quarterly and should be attended in the last 6-8 weeks of your pregnancy.

Call the Community Health Nurses office at 260-4400 No. 1 for more information or to register for the class. Class size is limited to 6-8 women and their support person, so call soon.

OBITUARIES

Robert Hajek

Funeral Mass for Robert E. Hajek, 90, of Tyndall will be held at 10:30 a.m. on Friday, July 12 at St. Leo Catholic Church in Tyndall with Fr. Joe Forcelle as Celebrant. Interment will follow in St. Leo Catholic Cemetery, Tyndall, with military graveside rites.

Visitation will be held on Thursday from 3-5 p.m. at the Goglin Funeral Home in Tyndall. There will be a wake service at 7 p.m. on Thursday at the church. Bob passed away on

Monday, July 8, 2013 at the Good Samaritan Society of Tyndall.

Online condolences may be sent at www.goglinfh.com.

Habitat For Humanity Dedicates 36th Home

Habitat for Humanity of Yankton County celebrated the accomplishments of its partner family, Emily and Ava Dryden as it dedicated and blessed their new home located at 120 Rainbow Street on Sunday, June 30.

A short ceremony took place and special music was provided by Mrs. Lynell Kooistra.

The family has been working hard to complete more than 300 hours of "sweat equity" to build their new home.

The Dryden's will purchase their home and will be required to pay a no-profit mortgage over a period of 25 years to Habitat for Humanity of Yankton County.

Habitat's mission is to seek to put God's love into action to bring people together to build homes, communities, and hope. The objective is to offer families in need of affordable housing a "hands up" rather than a "hand out."

Corps

From Page 1

volume is expected to remain the same as last month's forecast, a greater percentage of the snowmelt runoff was realized last month. Consequently, we expect less runoff this month."

Doug Kluck with the National Oceanic and Atmospheric Administration added that despite northern parts of basin having a better chance of precipitation in the short term, those areas are expected to have a slight tendency for below normal chances of precipitation in the long run. The majority of the rest of the basin has

equal chances for above or below normal precipitation in the long term, he said.

Considering these factors, the Corps' July 1 forecast for annual runoff in the upper basin is 22.3 million acre feet, which is 88 percent of normal.

Based on that forecast, the Corps expects Gavins Point Dam releases to remain near the current level of 21,000 cfs for the next few weeks, said engineer Joel Knofczynski. Flows then could begin to increase as tributary runoff drops off downstream, he said.

"Releases will be adjusted as needed based on preventing the endangered least tern and threatened piping plover from nesting on low sand-

bars that would be flooded later this summer when higher releases are needed to provide navigation flows," Knofczynski said.

He said that, based on the July 1 storage check, the flow support for navigation for the remainder of the navigation season will be 3,000 cfs above minimum service — a slight increase that should improve the navigation channel and support a full navigation season. This will require monthly average releases for Gavins Point to be between 21,000 cfs and 31,000 cfs.

During the winter of 2013-14, Gavins Point releases are forecast to be at the minimum rate of 12,000 cfs, as reduced navigation support is

needed and there can be an increase in drought conservation measures.

With drought conservation practices in place, the six mainstem power plants generated 594 million kilowatt hours (kWh) of electricity in June. Typical energy generation is 843 million kWh.

The power plants are projected to generate 7.5 billion kWh of electricity this year, compared to the normal of 10 billion kWh. Gavins Point is estimated to generate 623.2 gigawatt hours, approximately 87 percent of its normal output.

KNOX CO. SHERIFF'S REPORT

On July 5, 2013, a Creighton woman contacted the Knox County Sheriff's Office in reference to a money scam from an organization called "Advance Me Today." She stated her debit account had unauthorized transactions from this organization. The Knox county Sheriff's Office would like to remind everyone not to give out personal information over the phone or internet. Please contact the Sheriff's Office or your local Law Enforcement Agency if you are contacted and asked for personal information.

On July 6, 2013, Knox County deputies were dispatched to Bazile Mills for unlawful discharge of fireworks. Deputies located the persons involved during a traffic stop near Bazile Mills. The subjects were issued warnings for using fireworks during unauthorized period of time.

On July 6, 2013, a report was received a UTV striking a trailer boat at CJ's by the Lake. The UTV, driven by Christopher Phanstiel, from Omaha, was traveling southbound on a driveway when he lost control of the UTV and struck a boat and trailer belonging to Perry Degroff, Pierre. Damage to the boat was estimated to be at least \$5,000. Damage to the UTV was estimated to be at least \$750.

On July 7, 2013, Knox County Deputies responded to Autumn Oaks in reference to an elderly man blocking 897th Rd/Spur 54C with his tractor, not allowing any vehicles to get through. Deputies arrived to the location and were able to talk the man into moving his tractor so vehicles could move. A warning was issued to the man for impeding traffic.
