DAILY DOSE

Opinions from the **P&D Sports** Staff on local and national high school, college and pro sports.

BY JEREMY HOECK jeremy.hoeck@yankton.net

During our daily Press & Dakotan newsroom staff meeting on Friday afternoon, our editor (Kelly Hertz) was writing down some future stories we have slotted for the coming days. And when it was my turn to bring up any ideas, I mentioned that some time next week we could run my upcoming Mount

And Kelly joked that it was the first time he's ever written down that phrase.
As you all well know, Mount Marty College in Yankton does not play football. The small, Catholic NAIA school is the only member of the Great Plains Athletic Conference that does not sponsor football. The issue of 'should Mount Marty add football?' has always been a hot topic among Yankton

residents - sports fans or otherwise. It's never really come up in a public setting. There have never been public forums to debate that question. There have never been public statements issued by the college. But the issue has always been right there at the surface.

This is a town that loves its football. Yankton High School home games attract thousands of people to Crane-Youngworth Field, and as I've been told, Yankton College football games were also a huge draw before the school closed in 1984.

And so, without that mind, I (along with sports editor James Cimburek) decided to finally bring it up in a public setting: By devoting a story to it. Not an opinion piece with a stance either way, but a story. A story that will include quotes from Mount Marty College officials (I sat down with athletic director Chuck Iverson earlier this week) and hopefully, officials from other regional schools that have recently added

This is where, you, the reader, can enter into the discussion. I'd like to hear from you. Should Mount Marty College pursue the addition of football? Why or why not? Share with me your thoughts. I'd like to gauge where the general Yankton public stands on this issue. I'm not going to provide my opinion on the matter until after the story is published, but for now, tell me what YOU think

You can email me at jeremy.hoeck@yankton.net or call me at the P&D office at (605) 665-7811, ext. 138.

USD Announces Three New Hires

VERMILLION — Dan Gaston has been named senior associate athletic director for facilities and operations, Matt Houston has been hired as the assistant strength and conditioning coach, and Chase Christiansen has been hired as the assistant director of marketing and promotions. The three new hires were announced Friday by South Dakota Athletics Director David Herbster.

Gaston has been the assistant athletic director of event and facility operations at University of Washington since 2012 and has been associated with the Huskies since becoming a student-athlete there in 1997. He served an internship as an assistant event manager in 2004 and was hired full-time

Gaston managed an \$8 million budget at Washington which included a facilities operating budget of \$2 million, a gameday budget for 21 sports of \$3.5 million, and a facility enhancement budget of \$2.5 million. He served as project manager for four capital improvement projects totaling \$37.5

At USD, Gaston will provide oversight of athletic facilities and event operations for the Coyotes' 17 programs. He will serve as liaison for all new development projects including new construction, upgrades, renovations and ongoing maintenance of USD athletic facilities. In addition, Gaston will serve as sport supervisor for soccer and swimming and diving.

Houston arrives in Vermillion after spending two years working in the strength and conditioning department of University of Hawaii in Honolulu where he obtained his master's degree. Houston earned his undergraduate degree from Washington in the summer of 2010 and played football for the Huskies from 2006-10. Houston served as a personal strength and conditioning trainer for professional basketball player Julyan Stone in 2012 when Stone was rehabilitating from a torn labrum

Houston will work primarily with South Dakota's men's basketball, softball and football programs. He will help design, develop and implement strength and conditioning programs

for Coyote student-athletes.
