Curious Daughter Discovers A Bombshell In Mom's Diary

DEAR ABBY: I recently found a notebook of my mom's. On the outside cover it said, "Disclaimer: Do Not Open Unless You're Me!"

As I flipped through the pages, I learned many things about my mom that I didn't know, like her faith in God and how the things that happened in her life molded her into who she is today.

I'd always assumed Mom got pregnant at 16 because she made stupid decisions, but I was wrong. I could never imagine how my mom could get through a day without looking at me as a reminder of what happened to her.

Where do I go from here? Should I confront her about it? I have no one to talk to, so I hope you can give me some advice. - CHILD OF RAPE

DEAR CHILD: I'm glad you wrote, because it gives me an opportunity to point out that if you hadn't been wanted, your mother had other alternatives.

If you feel the need to discuss this with her, then you should. Because she left the notebook in a place where it could be discovered, she may have subconsciously wanted it to be found.

DEAR ABBY: At 24, I am fortunate to have loving, functional relationships with my mother, father, stepmother (of 15 years) and stepsister. I attribute my healthy childhood to the fact that my mom and dad have always acted as best friends when we're together, despite having been separated almost my entire life.

However, lately I have been finding my parents' relationship very inappropriate. They have been hanging out together often without me, and almost certainly without my stepmother's knowledge.

DEAR ABBY Jeanne Phillips

I would never want my stepsister to discover anything about my mom and dad the hard way. I especially don't want to see her hurt by becoming a child of divorce.

DEAR HURT CHILD-WOMAN: If you approach it the way you have written it to me, yes, I think you would offend both of your parents.

Dear Abby is written by Abigail Van Buren, also known as Jeanne Phillips, and was founded by her mother, Pauline Phillips.

JACQUELINE BIGAR'S STARS

EDITOR'S NOTE: Bigar's Stars is based on the degree of your sun at birth. The sign name is simply a label astrologers put on a set of degrees for convenience.

A baby born today has a Sun in Cancer and a Moon in Virgo.

HAPPY BIRTHDAY FOR MONDAY, JULY 20, 2015:

This year you can verbalize your thoughts and feelings more clearly than you have in the past. People respond to your efforts. You will be busier and happier than you have been in many years.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult

ARIES (MARCH 21-APRIL 19)

You'll feel as if you can handle whatever heads your way. You could be feeling this way all day long, so make the most of it.

TAURUS (APRIL 20-MAY 20)

Your creativity encourages you to head down a new path. This new vision is the result of being able to detach.

GEMINI (MAY 21-JUNE 20)

You will appreciate some downtime, even if those around you don't encourage that kind of behavior. You will open up and be more creative once you get some much-needed personal time.

CANCER (JUNE 21-JULY 22)

Keep reaching out to someone at a distance. How you handle a certain situation could be much more effective if you detach, ask questions and are willing to re-evaluate your perspective about a key person in your life.

LEO (JULY 23-AUG. 22)

Use caution with your finances, and

you will avoid trouble. Your sense of humor comes into play when dealing with someone unpredictable who is full of light and energy.

VIRGO (AUG. 23-SEPT. 22)

Relate directly to someone you care about. This person will be delighted to have your time and attention.

LIBRA (SEPT. 23-OCT. 22)

Know when you need to step back and say little. Close associates seem unpredictable. You might take someone's comments personally and not as they were intended.

SCORPIO (OCT. 23-NOV. 21)

Your ability to understand where a friend is coming from should be treasured by that individual. Don't push someone too hard right now.

SAGITTARIUS (NOV. 22-DEC. 21)

You have the capability to turn a situation around if you so choose. Nevertheless, you can't seem to stay focused on one issue at the moment.

CAPRICORN (DEC. 22-JAN. 19)

You'll push hard to achieve certain benefits, especially in business and financial matters. Remember that emotional security also is a high priority.

AQUARIUS (JAN. 20-FEB. 18)

A partner, friend or loved one seems to want to push you in the direction that he or she would like you to head in.

PISCES (FEB. 19-MARCH 20)

You might feel out of sorts as you head in a new direction. What you think you want and what you actually receive could be two different things.
