Build Dakota Scholarship Recipients

PIERRE — The Build Dakota Scholarship Board announced the 296 recipients of the first-ever Build Dakota scholarships.

"I want to congratulate the first recipients of the Build Dakota scholarships," said Gov. Dennis Daugaard. "With this scholarship, they will have the opportunity to enter high-demand fields without incurring debt. The impact of this will be huge, not only for the students receiving the scholarship but for our entire state."

The scholarships cover tuition and fees, books, equipment and other related program expenses for eligible programs within eight high-need industry areas at South Dakota's four technical institutes. Recipients were selected from a total of 1,062 applications.

The Build Dakota Scholarship program was announced in late 2014. The scholarship is funded by a \$25 million donation from T. Denny Sanford and \$25 million in future funds committed by Gov. Daugaard.

Build Dakota aims to support students entering high-need workforce programs at South Dakota's technical institutes to fill the state's technical career fields with skilled professionals. The \$50 million is expected to provide approximately 300 full scholarships annually in each of the first five years, beginning in the fall of 2015. From 2020 on, an endowment will continue to award approximately 50 scholarships per year.

In-state and out-of-state students are eligible to apply. Scholarship applicants must be accepted into their program of interest. Recipients of the scholarship must enroll full-time and complete their educational program on schedule. Scholarship recipients commit to stay in South Dakota to work in their field of study for three years following graduation.

Applications for the 2016-17 school year will open in October 2015. Find more information at www.built dakotascholarships.com.

More Than \$10 Million Available For Housing Development

PIERRE — South Dakota Housing Development Authority (SDHDA) is inviting developers to submit applications for funding from the HOME Investment Partnerships, Housing Tax Credit, Housing Opportunity Fund and Neighborhood Stabilization programs.

The HOME program, funded by the U.S. Department of Housing and Urban Development, provides funds to developers and/or owners for acquisition, new construction and rehabilitation of affordable housing. SDHDA has \$5.5 million available for affordable single and multi-family housing opportunities statewide.

The Internal Revenue Code of 1986 established the Housing Tax Credit Program as an incentive for construction, rehabilitation and acquisition/rehabilitation of housing for low-income households. Developers of housing tax credit projects typically raise equity capital for their projects by syndicating tax credits to investors. For this application cycle, \$2.8 million is available.

The Housing Opportunity Fund promotes economic development by expanding the supply of affordable

housing targeted to low- and moderate-income families. The Housing Opportunity Fund may be used for new construction, the purchase and rehabilitation of rental or homeownership housing, housing preservation, homelessness prevention activities and community land trusts. The Housing Opportunity Fund program has \$2.25 million available for allocation.

The Neighborhood Stabilization Program, authorized under Title III of the Housing and Economic Recovery Act of 2008, provides financing to acquire and redevelop foreclosed, abandoned, blighted or vacant properties. SDHDA has \$500,000 available for allocation.

The HOME, Housing Tax Credit, Housing Opportunity Fund and Neighborhood Stabilization program allocation plans and application forms can be found on SDHDA's website at www.sdhda.org. Complete applications must be received at SDHDA on Monday, Aug. 31, by 5 p.m. Central Time.

For more information, contact SDHDA at 605-773-3181 and ask to speak with a Housing Development Officer.
