Chief Design Engineer
 Applicant should possess strong background in Mechanical/Structural Engineering. The successful candidate must have BSME or BSCE with a minimum of 10 years of engineering experience with at least 5 years in a management role. The position will be responsible for hands-on leadership in a multi-project organization engaged in crusher manufacturing, steel fabrication and all related processes for mining minerals, aggregates and other bulk material reserves.

The Chief Design Engineer will report directly to the President and be expected to perform as a key member of a dynamic management team. Responsibilities will include all aspects of the company's R&D activities and product development. This will include organization and operation of the entire engineering function as a cohesive unit, conceptualization and management of simultaneous projects, delivering feasible designs within time and budget constraints and fostering innovative solutions to satisfy customer needs. Utilization of company standard product line equipment is required.

Job Requirements
 Minimum BSME or BSCE
 10+ years of work in mechanical engineering with 5 years of management experience. Proven Track record of successful management of diverse, simultaneous projects. Successful completion of projects within budget and schedule. Demonstrated design skill for wider application needs. Travel requirements to suit customer needs. Good communication skills, oral and written. Excellent design skills utilizing AutoCAD. Familiarity/Experience with Inventor Program Software.

Compensation commensurate with experience
Send resume to: Lippmann Milwaukee, Inc. Attn: President
 3271 E Van Norman Ave. Cudahy, WI 53110
 Phone: (414)744-2565
 Fax: (414)744-8490
