

I'm Dennis Daugaard and I want to be your next Governor.

I have a plan to create jobs.

My number one priority as Governor will be to create jobs. South Dakotans are ready to work, and I'm ready to make it happen. *Read my job creation plan at DennisForGov.com/Jobs*

I am a dedicated public servant.

For the past eight years, I've been your Lieutenant Governor. I've also had the privilege of serving in the state legislature for six years.

I am going to help us grow out of this recession – without raising taxes.

As Governor, I'll work to develop more wind energy, increase ethanol production and expand research at our universities. I'll also aggressively promote the tourism industry and focus on completing the Homestake Lab.

I am a true-blooded South Dakotan.

I've worked the fields, fed the livestock and milked the cows. I paid my way through college and law school by working as a water tower painter, welder, dish washer and bus driver. I believe all work has dignity.

I am an advocate for neglected children.

I served as the Executive Director of Children's Home Society, a shelter for abused and neglected children. I helped CHS become debt-free and build a multi-million dollar endowment by applying principles of frugality.

I am a devoted family man.

I am husband to Linda and father to Laura, Sara and Chris. Linda and I were high school sweethearts, and we raised our family in a house we built with our own hands on my family farm.
