

## YHS Research Symposium Set For Monday

The public is invited to attend the YHS Research Symposium at 5:30 p.m. Monday evening at the Summit Activities Center. Advance Placement (AP) government students will be presenting their papers on a variety of topics so make plans to come and listen and take part.

The program will begin at 5:30 p.m. in the Yankton College Alumni Hall (YCAH); presentations will follow in the classrooms of the social science wing at YHS. The awards program will follow in the YCAH at approximately 7:45 p.m.

Facilitators for the evening are Dr. Sam Herley, David Hosmer, Michael Stevens, Terry Winter, Doug Sall and Marc Merrill.

## Yankton Co. Republicans To Meet Monday

Yankton County Republicans will meet at 5:30 p.m. Monday, April 2, at 2507 Fox Run Parkway.

The group will fill offer vacancies and continue planning for the upcoming Lincoln Day Dinner and the 2012 election campaign.

Republicans who have filed nominating petitions for public office are encouraged to attend. All Republicans are also encouraged to come to the meeting.

## Yankton School Board Special Meeting Is Mon.

The Yankton School Board will hold a special school board meeting at 5:30 p.m. Monday, April 2, at the district administration building, located at 2410 West City limits Road.

The board will address teacher and administration contract for the 2012-2013 school year.

## Retired Teachers Association To Meet April 5

Yankton Area Retired Teachers Association will meet at 11:30 a.m. Thursday, April 5, at JoDean's. All interested individuals are welcome to attend.

# Yankton Lift Station Project Receives \$3.7 Million

From P&D Staff Reports

PIERRE — The state Board of Water and Natural Resources has approved a \$3.7 million grant and loan package for Yankton to make wastewater collection system improvements near East Highway 50.

The funding includes a \$370,000 grant from the Consolidated Water Facilities Construction Program and a \$3.33 million low-interest loan from the Clean Water State Revolving Fund Program.

"These funds will help Yankton make a necessary wastewater system improvement that will address aging infrastructure and prepare for future growth," Gov. Dennis Daugaard said in a press release.

The project involves constructing a new wastewater lift station near South Dakota Highway 50 on the east side of Yankton. The new lift station will replace two old lift stations that are deteriorating and undersized for future growth.

The estimated total cost of the project is nearly \$3.72 million. The loan terms are 3 percent interest for 20 years.

The Consolidated Water Facilities Construction Program provides grants and loans for water, wastewater, and watershed projects statewide. The Legislature appropriates Water and Environment Funds annually to the Consolidated program through the Governor's Omnibus Water Funding Bill. The Clean Water State Revolving Fund Program provides low-interest

loans for wastewater and storm sewer projects.

The package was among \$43.4 million in grants and loans for drinking water, wastewater, storm water, watershed improvement, landfill, and recycling projects approved by the state Board of Water and Natural Resources, which met Thursday and Friday in Pierre.

Grants were awarded to the following area entities:

- James River Water Development District: \$75,000 for Lower James River Watershed implementation

- Loans were awarded to the following:

- Centerville: Two loans totaling \$552,156, which includes a \$116,685 loan for water meter replacement and a \$435,471 loan for sanitary sewer lining

- Loans with principal forgiveness were awarded to the following:

- Beresford: Two loans totaling \$1,705,830; one loan of \$916,040 is for water main replacement and new main to connect to the Lewis & Clark Regional Water System and includes \$458,020 in principal forgiveness; and one loan of \$789,790 is for sanitary sewer line replacement

- Grant and loan packages were awarded to the following:

- Hurley: \$137,500 grant and \$835,964 loan for sanitary sewer improvements
- Vermillion: \$522,210 grant and \$1,639,000 loan for landfill expansion
- South Eastern Council of Governments:

\$300,000 for regional solid-waste and recycling revolving loan fund

The grants, loans, and principal forgiveness were awarded from DENR's Consolidated Water Facilities Construction Program, Drinking Water State Revolving Fund Program, Clean Water State Revolving Fund Program, Solid Waste Management Program, and State Water Resources Management System.

The Consolidated Water Facilities Construction Program provides grants and loans for water, wastewater, and watershed projects statewide. The Drinking Water State Revolving Fund Program provides low-interest loans for public drinking water system projects. The Clean Water State Revolving Fund Program provides low-interest loans for wastewater and storm water projects. The Solid Waste Management Program provides grants and loans for solid waste disposal, recycling, and waste tire projects. The State Water Resources Management System provides grants and loans for large water projects that have been authorized by the Legislature.

The grant and loan funds come from dedicated water funding that is deposited in the state Water and Environment Fund. The Legislature appropriates Water and Environment Funds annually to individual State Water Resources Management System projects through the annual Governor's Omnibus Water Funding Bill.

## DO YOU KNOW YOUR NUMBERS? TAKE OWNERSHIP OF YOUR HEALTH

When you know numbers, you can take action to reduce your chances of developing heart disease, diabetes and other major chronic illnesses.

The Avera Sacred Heart Hospital Lab provides health screenings at reduced rates. Walk-in, no appointment or doctor order necessary, and make sure you know your numbers.

### TESTS AVAILABLE INCLUDE:

- Complete Blood Count \$6**  
Helps to determine general health status
- Comprehensive Lab Profile \$12**  
Profile of kidneys and liver, as well as blood sugar and proteins
- Lipid Panel Screen \$10**  
Measures good and bad cholesterol and risk of heart disease
- Hemoglobin A1c \$15**  
Determines average blood glucose over past 3 months
- Thyroid Profile \$18**  
Evaluates thyroid gland function and helps diagnose thyroid disorders.  
*Walk-in testing available Monday through Friday, 7 a.m. - 5 p.m.  
12-hour fasting is required for some tests.*

**Avera**  
Sacred Heart Hospital

Look no further.

For more information, call the Avera Sacred Heart Hospital Lab at (605) 668-8169.
