Bridge Work To Begin On S.D. Highway 50

VERMILLION — Work to repair and repaint bridges in Clay County is scheduled to begin next week, according to the South Dakota Department of Transportation. Industrial Builders, Inc. of Fargo, N.D., will begin work on the S.D. Highway 50 bridges west of Vermillion on Monday, March 25, and traffic will be reduced to one-lane in each direction. Beginning in June, work will begin on the Highway 50 bridge east of Vermillion. East-bound traffic will be detoured off Highway 50 onto Crawford Road and back onto Highway 50. That phase of the work is expected to continue for about three months. Other projects included in the \$4.1 million contract include work on Highway 19 one-mile north of Vermillion at the Vermillion River Bridge, as well as several overhead and mainline structures on Interstate 29 in Deuel, Hamlin, Lincoln and Union counties. Work on the I-29 structures is scheduled to begin in April. Motorists should expect delays, suddenly slowing traffic, construction equipment and workers; drivers may want to consider alternate routes until the work is finished. All of the construction is scheduled to be done by Oct. 1, 2013. For more information, contact Ronald Peterson, Rodney Gall or Joseph Sestak at 605-668-2929. Complete road construction information can be found at www.safe-travelusa.com/sd or by dialing 511.

ON THIS DATE

75 YEARS AGO

**Wednesday, March 23, 1938**  
• The garages or homes of three Yankton physicians were robbed last night, apparently by some one seeking narcotics, according to Chief of Police Wm. F. Jencks today.  
• Yankton organizations are getting behind the proposed lock and dam at Gavin's Point and are adopting resolutions which will be presented to the board of army engineers who will hold a preliminary hearing here on April 8. Many groups have been adopting resolutions which indicate that there is a public demand for the proposed construction.

50 YEARS AGO

**Saturday, March 23, 1963**  
• Governors Archie Gubbrud of South Dakota and Frank Morrison of Nebraska and other officials of the two states were guests of the Yankton Chamber of Commerce at a lunch Friday noon at the Hotel Charles Gurney following a conference regarding fishing rights.  
• Clement Smith, 73, retired rancher,

said an 1858 treaty between the Yankton Sioux and the federal government ceded the Missouri river basin between Fort Pierre, and Sioux City to the United States.

25 YEARS AGO

**Wednesday, March 23, 1988**  
• State regulators have suspended 108 irrigation rights in South Dakota because the water-rights holders did not return annual questionnaires. The suspensions by the state Water Management Board mean that the water-rights holders cannot irrigate this year.  
• It's been nearly a century since the hoot of a steamboat whistle heralded the arrival of another riverboat at Yankton. With any luck at all, this sound of the past will be a calling card of the present at Riverside Park and launch a future that even Mark Twain would enjoy writing about. But it will take more than luck. As this is written, there are two, possibly three firms that are interested in docking a "Far West" style riverboat east of the Meridian Bridge.
