**APPLIED ENGINEERING, INC.**  
[www.appliedeng.com](http://www.appliedeng.com)  
**CURRENT JOB OPENINGS**

**Information Technology Technician:** (Day Shift) The Information Technology Technician is primarily responsible for installing, configuring, and maintaining updates for operating systems and software, using standard business and administrative packages. The responsibilities include, but are not limited to, assembly, deployment and maintenance of computers, monitors, printers, scanners, and other related hardware. Network infrastructure such as pulling, terminating, and testing network and machine cabling, supporting and troubleshooting hardware and software such as Microsoft Office, network peripheral equipment and our ERP system software. This position is a technical resource in assisting users to resolve problems with equipment/data using a centralized help desk ticket system

**Weekend Team Lead:** (Weekend Shift) A successful candidate will be responsible for overseeing the weekend operations of the shop. This includes training new employees and monitoring part schedule for maximum machine utilization. The objective for this person is actively engaged in keeping production across the shop operating at maximum capacity.

**CNC Loader Level II:** (Weekend and Night Shift) A successful candidate must be able to efficiently and effectively load material on an automated pallet system feeding CNC machining work centers. This individual must also be able to use and understand quality measuring devices. As part of the line team, this person will actively engage in helping the line make continuous improvements and meet set goals.

**MASK/UNMASK:** (Night Shift) Requires the ability to read and understand customer blue prints & special process instructions to accurately mask parts according to print. Must have the ability to stay focused while doing repetitive operations. Job requires extensive periods of sitting while performing tasks & the ability to handle light to medium items repetitively without damage to the component or finish.

**Deburr and Drill Operator** (Night Shift) Primary duties include perform drilling, countersinking, tapping, assembly, wire brushing, sandblasting, tumbling, and hand or machine deburring of complex components using a wide range of tools, inspection devices, and equipment. This position is responsible for performing these operations accurately, efficiently and safely.

**Electromechanical Technician** (Night Shift) Primary duties include providing safe and timely mechanical and electrical support, preventative maintenance, service, repair, troubleshooting and resolution of multiple operating machines within a manufacturing industrial environment in a timely manner. The ideal candidate will have 3 years verifiable experience in the following areas mechanical, electrical, electronics, along with hydraulics and pneumatics, with extensive troubleshooting experience and proven ability in machine repair. You may also be asked to assist production engineering in project work for equipment assembly and PLC ladder logic and HMI programming.

For more information on the position please view our website at <http://www.appliedeng.com> or to receive an electronic application, e-mail [Bridget.Benson@appliedeng.com](mailto:Bridget.Benson@appliedeng.com). No phone calls, please
