

Spring HOME IMPROVEMENT & Home Show

This year marks the 10th Anniversary of the Lewis & Clark Home Builders Association (LCHBA) Home Show

LCHBA is a non-profit organization comprised of builders, associate and affiliate members serving the greater Yankton area. LCHBA works to provide the community with quality builders, as well as keeping them informed of the latest products, technology, and services.

The LCHBA Home Show features over 40 exhibitors, including vendors showcasing

their products and services. With everything from contractors, energy efficient windows and siding, patio furniture, fire-pits, man cave ideas and a special section for women, there is something for everyone. Attendees can also register for prizes- tv's, gift cards, home safety products and more.

The LCHBA Home Show also supports many community

organizations. This year:

- Habitat for Humanity volunteers will be greeting attendees at the door. Partial Proceeds from the door are donated to Habitat for Humanity.
- Concession stands are courtesy of our local 4-H. This is the biggest fundraiser of the year for 4-H, providing funding for many projects throughout the year.

- SHINE (Senior Health Information & Insurance Education) will have trained volunteers to inform, educate and assist consumers on Medicare and related health information and insurance issues so consumers can make timely, informed decisions and access resources to meet their needs.
- Yankton County Search and Rescue will

also be at the 2015 LCHBA Home Show.

For more information about the 2015 LCHBA Home show contact: Lewis & Clark Home Builders Association

Real life experience for YHS Students

LCHBA has been working with the Yankton School District Building Trades Classes to offer real life experience in the construction world.

Scholarships Available

The Lewis & Clark Home Builders Association established an annual scholarship to assist a graduating high school senior with expenses in pursuing a degree in a construction-related field. This can include, but is not limited to Heating/Ventilation/Air Conditioning/Refrigeration, Landscaping Design, Building Trades Technology, Civil Engineering, Architectural Drafting, Construction Engineering Technology, Carpentry or Plumbing.

\$500 is awarded to the selected student based on an application that has been submitted and two letters of recommendations from their industrial technology instructor(s), school counselor(s), or other person whom influenced their decision to go into the building trade.

By promoting a scholarship, the Lewis & Clark Home Builders Association hopes to help those with dreams of working in this industry fulfill a satisfying and rewarding future.

If there are any questions about our Scholarship program, please direct them to Lewis & Clark Homebuilders Association, PO Box 582, Yankton, SD 57078. Attention Joe Morrow, phone 605-661-7215, or E-mail jmorrow@cityofyankton.org. Applications are due by Wednesday, April 15, 2015
