"She's an eighth-grader, but it's nice having her to push me," said a smiling Koerner, who added, "She's a nice girl."

Other than Roth's first-place finish in the 1600, the Freeman girls had only one other athlete record an individual title — Kristina Nash in the 300 hurdles (50.7).

The Flyers also won the 800 and 3200 relays, and finished second in the 400 and 1600 relays. Rebecca Eberts took second in the 3200-meter run and Taylor Hermsen was second in the discus.

It was perhaps fitting that Eberts and Hermsen did as well as they did in helping Freeman to a team title: They are both seventh-graders.

"We've got a young team, with no seniors and two juniors," Hermsen said. "Some girls went to state as seventh-graders last year."

Though both squads finished outside of the top three for the team crown, the Menno boys and girls got record-breaking performances in the pole vault.

Tyler Handel set a new meet record on the boys' side with a mark of 13-feet, while Katelyn Kotalik broke her own meet record by reaching 9-feet.

In the case of Handel, a senior, his performance was an especially good sign after struggling through a plateau and back injuries in the past few weeks.

"Over the past month, I've been in a slump," he said. "I think my best mark has been 10-feet. It's been hard to get into a groove lately. It was just one of those things today."

With the wind swirling around the pole vault area, and across the rest of the meet, the vaulters from Menno put together strong performances. Both Handel and Kotalik beat teammates for first place.

"I really wanted to break our school record (9-3), but I missed three times at 9-feet-3.25 again," said Kotalik, who also finished second in the 100-meter hurdles and third in the 300 hurdles.

"We've just got a lot of strong people who are naturally good," she added, in reference to what sets Menno apart from the rest of the field. "In pole vault, it's all upper-body strength."

The Andes Central girls won three field events, highlighted by two-event champion Kellie Winckler.

A sophomore who also doubles as a standout golfer for the Eagles, Winckler was first in the long jump (14-10.5) and triple jump (34-2) — both times beating a teammate in the process.

"We have six or seven girls who do field events, and we all do pretty well," Winckler said. "We've had to have jump-offs to see who can compete in different meets."

On the boys' side, Tripp-Delmont-Armour senior Tyler Payer — a Mount Marty College recruit — had one of the busiest days of anybody.

He won the high jump (5-11), finished second in the long jump, took third in the triple jump and later won the 400-meter dash (55.6) for good measure.

In all three field events, Payer was surrounded by athletes from Andes Central. He said in the long jump, especially, he didn't necessarily mind finishing second to Conner Florey.

"Conner got me by an inch, but it's OK," Payer said. "It's nice to jump with him all year; it's been fun."

In the high jump, Payer again attempted to break the school record of 6-feet-3.25, but again just missed it. He said when it comes time for the state meet, he has eyes on at least one first-place trophy.

"I want a title in one of them; that's my goal for sure."

The S.D. State Track Meet will be held May 27-28, with the first day of the Class B portion to be held in Sioux Falls at Howard Wood Field. All three classes will then join together for the final day in Sioux Falls.

running, Sokolowski said, but she knew it was a problem for all the runners.

"It's hard to run against it, but my coach always says everyone has to run against it, it's not just you out there," she said.

Centerville also set a new record on their way to second palce, as Kieran O'Malley broke the record she set last year in the long jump by almost two feet (16-11.75). O'Malley earned the most individual titles in the girls' division, winning the long jump as well as the triple jump (34-1) and high jump (4-10).

After such a tremendous leap in the long jump, O'Malley said it was just the perfect conditions to compete.

"I just think it's a good day to jump. I feel awesome and I think if we have a day like today at state I can do it again," she said. "My jumps after jumping that made me scratch, but I think it was because of all my adrenaline."

Despite having to compete with the wind all day, O'Malley said she thought it was beneficial.

"I think (the wind) helped (my jumps) a lot, but in high jump it was a little frustrating with the wind."

Adrienn Peterson also brought home a title for Centerville on their home track, winning the 100-meter dash (12.9). Peterson said she was shocked when she crossed the finish line in first-place.

"I hadn't run that fast before and I was just really surprised and excited that I won," Peterson said. "The competition was really close. Lexi Schenk is a really good runner and it was close."

Qualifying for the first time in the 100, Peterson said she knows she'll have to work hard to do well at state.

"I'm really nervous heading into state," she said. "I'll have to run my best time there. I'll have to stay focused."

Tessa Weeldreyer led fourth-place Parker with two first-place finishes at the event. Weeldreyer took first in the 200 (26.5) and 400 (1:01.4) events.

The top two finishers automatically qualify for the state meet next week. Others could qualify by hitting certain marks or at previous meets throughout the season.
