

THE PRESS & DAKOTAN WEATHER CENTER

Yankton's Forecast

Saturday Cloudy skies, light rain showers
04 Wind: N, 15 to 25
High: 49°
Low: 43°

Sunday Cloudy to mostly cloudy, milder
05 Wind: N, 5 to 15
High: 62°
Low: 43°

Monday Partly cloudy
06 Wind: NW, 0 to 10
High: 68°
Low: 47°

Tuesday Isolated thunderstorms
07 Wind: W, 5 to 15
High: 71°
Low: 51°

Wednesday Partly cloudy, scattered thunderstorms
08 Wind: W, 5 to 15
High: 72°
Low: 53°

plings for each district at one time."
 She said she has already been approached by superintendents, business managers and school board members from other districts about the advantages of partnering up.
 "We really wanted to get a year under our belt before we began to promote the partnership and push other districts to consider it," Kramer said. "After we get done with our bid opening in a few weeks, we will contact other schools and say they need to think about it."
 One of the reasons Kramer chose to partner up with Brandon Valley and Harrisburg is because the three district's are

similar in size and are close to each other geographically.
 "We're all on the same side of the state, and we figured with the way the trucking routes go down the interstate, we would be in a good position to partner up," she said. "You have to take into consideration that transportation is a big cost for distributors."
 Kramer said there are a lot of schools in other states that are teaming up to cut food costs, but this is the only partnership in South Dakota.
 "We may try to do trainings for some schools and educate them about the partnership and how we got started," she said. "It's not as difficult to get started as many districts might think it would be. Partnering up with other schools could benefit both small districts and larger ones."

State Humanities Council Seeks Board Member

BROOKINGS — The South Dakota Humanities Council, a statewide non-profit organization, is seeking candidates to fill five upcoming vacancies on its 18-member board of directors.
 Nominees are needed to replace board members Corey Vilhauer, Tom Dempster, Anne Gormley, Doris Giago, and Ann Thompson, whose terms expire Oct. 31.
 The Humanities Council asks members of the public to please recommend candidates to fill these important positions, which carry terms of three years. SDHC also accepts self-nominations. Nominations are due May 31.
 SDHC board members hold three meetings per year at locations throughout the state and make vital decisions on Humanities policy, financing and other issues. The board includes citizens with varied backgrounds who serve voluntarily. Four members are appointed by the governor of South Dakota.
 SDHC seeks dedicated, energetic and imaginative members who possess an appreciation of the humanities, a willingness to understand and to tell others about the Council's work and a commitment to diversity. SDHC is seeking representation from members of American Indian tribes in South Dakota.
 The South Dakota Humanities Council builds strong communities throughout South Dakota by providing leadership, programs and resources that advance the study of the humanities in schools, colleges and cultural organizations across the state. Each year, the Council coordinates the South Dakota Festival of Books (www.sdbookfestival.com). Board members enable SDHC to fulfill its mission by increasing awareness of and participation in the Council's work. To read more about the Humanities Council, visit www.sdhumanities.org
 If you would like a nomination form mailed or e-mailed to you, contact Carolyn Marshall at 688-6113 or carolyn@sdhumanities.org/.

Energy

the genome that a computer program had missed. For example, some steps were missing in how glycolysis, or the breaking down of glucose, occurs in Sphaerochaeta coccooides strain SPN1. By comparing the protein in the microbe with another organism's protein that is used for glycolysis, students were able to determine there was nothing unusual occurring.
 "We know that glycolysis occurs. We know that it has to be there and where it's at. We know when enzymes do it," said Tyler McCune, a pre-med and chemistry major taking Geiser's course. "We worked on making sure all the steps in glycolysis were annotated with an image, and we were able to annotate every step."
 In 2012, Mount Marty College was the first South Dakota institution of higher learning to become part of the "Interpret a Genome" program sponsored by the Department of Energy's Joint Genome Institute.
 If confirmed, the findings are added to the Institute's Genomic Encyclopedia of Bacteria and Archaea. The research at MMC can also be used to refine computer programs that map out the genes.
 Last fall, seven South Dakota colleges and universities joined the Department of Energy's effort and organized to form the South

Dakota Genomics Consortium (SDGC). It works to increase the state's bioinformatics training opportunities and infrastructure by incorporating genome annotation into college courses.
 Joining MMC are Dakota State University, the South Dakota School of Mines and Technology, Black Hills State University, Northern State University, South Dakota State University and the University of Sioux Falls. Fifteen instructors represent those institutions, including MMC's Geiser, James Sorenson and Chun Wu.
 After kicking things off with her own classes in January 2012, Geiser helped train her 14 peers to collaborate with the Joint Genome Institute.
 She said she is excited to be a part of the process.
 "Bioinformatics (which is the application of computer technology to the management of biological information) was identified as an area of needed infrastructure for South Dakota," Geiser stated. "It's an area where we want to educate more of the population to bring in externally-funded research grants, for instance."
 MMC students have shown themselves to be a good resource in improving the bioinformatics knowledge base in the region, she said.
 "I think they did a great job this semester," Geiser stated. "They really worked hard and asked interesting questions."

DAILY RECORD

POUND COUNT

Several animals are available at the Yankton Animal Shelter. For more information call the Yankton Police Department's Animal Control Officer, from 8 a.m.-4 p.m. Monday-Friday at 661-9494, or 668-5210.

DAILY RECORD POLICY

The Press & Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.
 It is the policy of the Press & Dakotan to publish all names made available in the police and court reports. There are no exceptions.

ACCIDENTS

A report was received at 3:43 p.m. Thursday that two vehicles collided in the 1500 block of Peninah St. One of the drivers was cited.

INCIDENTS

A vehicle that was reported to be traveling at excessive speeds outside the city limits was located in the 2100

block of Broadway at 6:09 p.m. Thursday. A pursuit of the vehicle occurred from the 1500 block of Broadway to the Nebraska line, where the chase was terminated.
 A traffic stop in the 1900 block of Bradley St. at 12:42 a.m. Friday resulted in the arrests of three individuals for various drug charges, including possession of a controlled substance and possession of marijuana.
 Investigation of a vehicle parked east of the Meridian Bridge at 2:55 a.m. Friday resulted in the arrests of three individuals for various drug charges.
 A report was received at 4:31 a.m. Friday that a male left a business in the 500 block of West 21st St. without paying for his meal. A suspect was later arrested for obtaining services without paying.
 A report was received at 2:32 p.m. Friday that a homemade bong was found in the street in the 800 block of Capital St. The police collected it.
 A report was received at 3:12 p.m. Friday that a male assaulted a female family member in the 300 block of Greenview Drive.

CRIME STOPPERS

Anyone wishing to report anonymous information on unlawful activity in the City of Yankton or in Yankton County is encouraged to contact the Crime Stoppers tip line at 665-4440.

ON THIS DATE

75 YEARS AGO

Wednesday, May 4, 1938
 The outstanding feature of the primary election yesterday locally was the strong endorsement given the candidacy of Chan Gurney for republican nomination for the United States senate, by his home city and county. Gurney carried every voting precinct in both city and county, many of them by a large plurality over all other candidates.
 Twenty five persons who registered at a precinct here (Pierre) virtually signed their life away. Instead of signing a blank for registering at the voting place they signed a blank on which election superintendents are supposed to certify the names of persons who are dead or have moved from the precinct.

50 YEARS AGO

Saturday, May 4, 1963
 A 70-yard concrete pour was made Thursday on the base of the north digester at the Yankton sewage treatment plant now under construction. Two digesters will process the sludge from two primary clarifiers. The work is

being done by W. R. Neufeld Construction company, which has the contract on construction of the plant.
 The minimum age for employment in most excavation occupations will be 18 effective May 9, the U. S. Labor Department's Division at Kansas City, Mo., said today. Robert M. Kelley, regional director for the department, said excavation occupations have been designated as "hazardous," which limits employment possibilities to those 18 years old or above.

25 YEARS AGO

Wednesday, May 4, 1988
 The Yankton County Commission approved a \$1,500 authorization for the county to become a member of the Great Lakes of South Dakota Association.
 Mark Stedronsky was given a plaque of recognition by Yankton Cimpl Packers manager Charlie Brosnoki, prior to Sunday's exhibition game against the Mount Marty Lancers. Stedronsky was chosen as the 1987 Packers' most valuable player.

BOARD OF TRADE

CHICAGO (AP) — Grains futures were mixed Friday on the Chicago Board of Trade.
 Wheat for July delivery fell 7.5 cents to \$7.21 a bushel; July corn slipped 0.75 cent to \$6.6125 a bushel; July oats rose 1.75 cent to \$3.88 a bushel; while July soybeans rose 15 cents to

\$13.8725 a bushel.
 Beef and pork prices fell on the Chicago Mercantile Exchange.
 June live cattle fell 1.83 cent to \$1.2182 a pound; May feeder cattle fell 1.83 cent to \$1.3877 a pound; June lean hogs slipped 0.65 cent to 92.17 cents a pound.

 State.....\$3.432
 National.....\$3.522

PSAHL-KOSTEL FUNERAL HOME & CREMATORY INC.
 Guiding and serving families with compassion and trust.

"They were there for us..."

I could tell when Dee was in the nursing home that things were starting to get worse. So I came out to talk with Kevin and Tami and said, "I think we should maybe make some arrangements". We had never planned anything other than Dee mentioned she would like to have Opsahl-Kostel take care of things should something happen.

Kevin and Tami were so helpful! They set up the arrangements, helped get photos and information that I needed, etc. They were absolutely wonderful. I would highly recommend Kevin and Tami and the staff at Opsahl-Kostel Funeral Home & Crematory for your funeral arrangements.
