long jump (16-11).

Kylie Martin of Dakota Valley was first in the shot put (39-6), Mackenzie Huber of Vermillion won the pole vault (8-0) and Ashley Ostrem of Beresford was first in the discus (116-1).

On the boys' side, Canton won a tight race with 124.5 points. Harrisburg was second at 117, followed by Lennox at 113 and Tea Area at 108.

Vermillion won three events, with Colin Olson in the 400 (50.1) and the Tanagers taking first in the 1600 and medley relays.

Dakota Valley's Blake Perryman won titles in the 800 (2:07.8) and 1600 (4:43.8), while teammates Graham Bacon took first in the 3200 (10:39.4) and Wade Treloar in the pole vault (10-0).

that, but we're trying," he said. "At the same token, we were using those two athletes to help us get a few more of the relays. We always tell our kids the more people we get to take to state the more fun we have. Our goal is to try and get as many kids to the state meet as possible."

Brandon Kocmich of Avon had qualified before the meet and placed second in the 200 meter dash and first in the 400 meter dash. He said the delay did influence his performance, but was still content with the chance to compete at state.

"Today could have been better," he said. "The rain threw me off a little bit. We all got here this morning and it was nice, but you just have to keep moving around, stay loose, stretch and stay positive about it.

"It does feel good to qualify though. It means that all your hard work paid off. We run a lot and put a lot of hours in during practice to get here. A lot of people have told me congratulations and that's really nice."

For coach Poppe, the competition was a chance see each competitor's character.

"I always tell my kids track defines the kids' character," he said. "All you do most of the time in track is run, and that's what you hate doing in all your other sports. Plus, you have to do it in less than ideal weather conditions. It says a lot about their character, the way they stick together and work together to work to accomplish a goal. I'm always proud of kids who can stick with track for four years."

The Flyers also had four second-place finishes and four third-place finishes on the way to the title.

By far the highlight of the day was the performance of Gayville-Volin freshman Genevieve Clark, one of the state's top distance runners.

She won the 1600-meter run with a meet-record time of 5:22.8, finishing ahead of teammate Laura Nelson. The same duo went 1-2 in the 3200, led by Clark's record time of 11:59.8.

Despite all her success in distance races, from cross country to track, Clark said she didn't initially want to run the mile this spring. Trust in her coaches changed her mind.

"I've been getting a little bored running the same events at every track meet," she said, adding that her coaches have tried to convince her to try the 400 and 800 next year.

"It's been working out though, so we'll see what happens next weekend."

Lauren Sokolowski also joined the meet record party for Irene-Wakonda, which finished third in the team race with 103 points.

Sokolowski, a sophomore, won the 100-meter hurdles in a time of 15.17, her fastest clocking of the spring and also a new meet record, and later took first in the 300 hurdles (49.4).

"I finally got over that hamstring (injury) I was dealing with, so it felt good to be able to run like that," she said. "We haven't had as many meets, so that messed things up a little bit."

The reason for those meet postponements? Weather, of course.

"We had nice weather for once, and the wind wasn't actually that bad," said Alcester-Hudson senior Jessica Wegh, who won the 100-meter dash in 12.8.

"I was pretty surprised," Wegh said. "I haven't broken 13 seconds all year. I'm getting more confident in that, so hopefully I can keep it going."

going to be energy on the court, because I'm going to demand that of them. From the music we playing during practice to how hard we go in layup drills, it's going to be high energy."

The players are ready for that, Payer said, because Baker has proven he knows how to implement a system.

"Having him as an assistant has really been good. He knows his stuff; he knows the game," Payer said. "I know he really learned a lot from Thorson, and that opened our eyes that he was ready for this."

So now, is Baker ready for the always-tough GPAC?

Mount Marty has had seven consecutive losing seasons and a 28-96 league record in that span. The Lancers were 8-21 overall and 4-16 in the GPAC last season, and did not qualify for the post-season tournament.

"It's an uphill climb; it's a challenge," Baker said. "It's definitely one of the best conferences in the nation, and it'll take a lot of dedication from me and my staff, but we can be competitive. If I surround myself with guys who believe in what I believe in, we should be OK."

In addition to recruits, one of Baker's first tasks will be to hire a coaching staff. Last season, Thorson had two assistants — Ted Quinn and Baker, as well as student assistant coaches.

"The most important thing is, you have to find people you trust," said Baker, who already has calls into possible assistant coaches.

And at the end of the day, Mount Marty put its trust in Baker, Iverson said.

"We realize the GPAC is really tough and that things don't happen overnight," Iverson said. "Progress has been made, coach Thorson knew how to mold kids. And we think Andrew has those tools to win here."
