

Lincoln Spring Sing

SUBMITTED PHOTO

Lincoln Elementary School presents our "Kindergarten Spring Sing" directed by Mrs. DenHerder, music teacher. The children did an awesome job singing, moving and dancing to some fantastic songs. The concert tied in nicely with "Teacher Appreciation Week" celebrated this week by Yankton Public Schools. The final song of the concert was "Who Do We Appreciate?" by Teresa Jennings. The children sang, "Two, Four, Six, Eight, who do we appreciate? YOU! We know it's YOU!" There wasn't a dry eye in the audience. Tears of happiness, tears of joy, and tears of another kindergarten year gone by way to fast! Mrs. Moon, Mrs. Loecker and Mrs. Wagner are very proud of our kindergarten students! BY DAVE RAMSEY

Dear Dave,

I was recently notified that I am one of the beneficiaries of a class action lawsuit against a previous employer. The amount I can receive is just \$200, but I don't feel like this past employer wronged me in any way. Everyone around me is urging me to take the money, but I feel kind of weird about accepting anything under the circumstances. What do you think I should do? - Randy

Dear Randy,

I don't know all the details of the episode you're talking about, or what happened with this particular company. But I don't agree with the idea that we're supposed to beat up anyone we can, or milk everything we can get out of every company or human being we come across.

Some people are just incredibly opportunistic. They live like it's anarchy, and they have no sense of fairness or decorum. But you do.

The people who are telling you to take the cash don't think the way you do. They're the kind who would take any money, no matter the reason. But you sound like the kind of person who wouldn't do that, so you shouldn't be taking advice from those people.

I think your heart has already told

year? Going that route, you're only 10 years away from a nice, new paid-for home, and you're still debt-free. That's one way to do it.

I don't borrow money, Kevin. And I don't tell people to do things I won't do. The one exception to that is I don't yell at people for taking out a 15-year, fixedrate mortgage, where the payments are no more than 25 percent of your monthly take home pay.

You could save like crazy for a couple of years and put down a really strong down payment on a home in the price range you're talking about. Then, you could pay off that house in 15 years max — or even sooner.

I don't have a big problem with it either way. But wouldn't it be great to be only 38 years old and still be completely debt-free?
