Dear Editor,
Frank Kloucek deserves our vote for District 19 Senate. Why? Because he works every day for people of our area. Other politicians say they want to be in office because it is a family tradition or they deserve it because they served in the military. Frank Kloucek has earned it.
Frank has paid his dues in Pierre. He stood toe to toe and respectfully stood up to Bill Janklow when he disagreed and supported his views when he was in agreement. Frank has introduced legislation that is stopped and then introduced as a republican bill or even a governor's bill. A few examples are the exemption for jury duty of our elderly, prison guard pay increases, NRA legislation to protect your home, which was copied word for word by Gov. Bill in the same legislative session. [see Roger Wiltz column]. Frank rolls up his sleeves and works for the people and represents our views. He worked with the local GMC dealer and a core group to circulate petitions, makes phone calls, send e-mails and write letters to General Motors and Congress to save the dealership from closing. He has done the same to save our post offices. Over the past three years he has worked with the Game Fish and Parks and Tripp Lake association to restore Frank's opponent is taking the credit for getting the project completed as he has done in the past. I know for a fact that Frank has asked his opponent to work together on issues and projects and his opponent refuses. Isn't that why our system is broken in Washington DC? I ask you to join me in voting for Frank Kloucek for Senate. He will continue to put the people first.

"Good jobs follow a good education — so our best economic development is great schooling. But state government cut our schools \$50 million even as it spent tens of millions for wasteful new programs. I'll work to rebuild our schools."
