

THE PRESS & DAKOTAN WEATHER CENTER

### Yankton's Forecast

**Thursday** Sunny and dry  
**20** **High: 51°**  
**Low: 29°**  
 Wind: S, 5 to 15

**Friday** Mainly sunny  
**21** **High: 65°**  
**Low: 43°**  
 Wind: NE, 5 to 15

**Saturday** Mild temperatures  
**22** **High: 63°**  
**Low: 43°**  
 Wind: NE, 0 to 10

**Sunday** Decent sunshine  
**23** **High: 65°**  
**Low: 44°**  
 Wind: SE, 5 to 15

**Monday** Slightly warmer  
**24** **High: 69°**  
**Low: 46°**

### Temperature

Yesterday's High / Low 45° / 27°  
 Normal High 61.3°  
 Normal Low 36.5°  
 Record High 91° in 1947  
 Record Low 16° in 1989

### Precipitation

# FCU To Celebrate Credit Week

VERMILLION — The Vermillion Federal Credit Union will be grilling at 11 a.m.-1 p.m. on Friday, Oct. 21, to commemorate International Credit Week.

Also, Sanford Vermillion will bring a flu shot clinic to the Credit Union office at that time. There are VFUC souvenirs and registration for door prizes.

In conjunction with International Credit Union Day and the inspiration of this year's slogan "Credit Unions BUILD A Better WORLD," Vermillion FCU will be hosting a charity drive. Three charities in the community have been selected, and donations are sought for one or more of the following organizations.

- The Heartland Humane Society ([heartlandhumanesociety.net](http://heartlandhumanesociety.net)) serves the communities of Vermillion, Yankton and Hartington. They are most in need of foster homes for dogs and puppies, clumping cat litter, dry kitten food, dry diet adult cat food and cleaning supplies.
- The Vermillion Food Pantry ([vermillionfoodpantry.org](http://vermillionfoodpantry.org)) serves all of Clay County. They are in need of nonperishable food and toiletry items (see their website for more specific items).
- The Jolley Art Block Program provides nearly 400 elementary students art lessons for the 2011-12 school years. They are in need of glue sticks, water-color paper; drawing paper, art gum eraser and Tempera paint (any color).

For every person who comes to the Oct. 21 celebration, Vermillion Federal Credit Union will donate \$1 to the organization you specify. Make a cash donation or bring donation items and the credit union will make an additional \$1 donation to the specified organization in your honor.

Also, representatives from CU Mortgage Direct LLC will be available to answer any questions you may have.

## DAILY RECORD

### POUND COUNT

Several animals are available at the Yankton Animal Shelter. For more information call the Yankton Police Department's Animal Control Officer, from 8 a.m.-4 p.m. Monday-Friday at 661-9494, or 668-5210. A \$5 fee is required to adopt an animal. Animals can be viewed on the Humane Society Web site at [www.heartlandhumanesociety.net](http://www.heartlandhumanesociety.net).

### DAILY RECORD POLICY

The Press & Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.

It is the policy of the Press & Dakotan to publish all names made available in the police and court reports. There are no exceptions.

### ARRESTS

- Kristin Martin, 23, Vermillion, was arrested Tuesday on a warrant for possession of a controlled substance.
- Brett McHugh, 25, Yankton, was arrested Tuesday on a warrant for failure to appear for driving with a suspended license.
- Joe Martin, 27, Yankton, was arrested Wednesday for driving under the influence, being unlicensed and having an open container in a motor vehicle.
- A 14-year-old Yankton male was arrested Tuesday for the purchase, possession or consumption of alcohol by a minor.
- A 17-year-old Yankton female was arrested Tuesday for the purchase, possession or consumption of alcohol by a minor.
- A 17-year-old Yankton male was arrested Tuesday for the purchase, possession or consumption of alcohol by a minor.

### ACCIDENTS

- A sheriff's office report was received at 4:30 p.m. Tuesday that a mailbox had been run over by an unknown vehicle along Sunset St.

### INCIDENTS

- A report was received at 2:50 a.m. that someone had set a dish rag on fire

in the 400 block of Pearl St. and placed it in the street. A fire extinguisher was used to put the flames out.

- A report was received at 7:04 a.m. Wednesday of a black dog chasing people near the intersection of Burleigh and Peninah streets. The dog left prior to officer arrival.
- A report was received at 12:59 p.m. Wednesday of a male student disrupting the Yankton High School. He was arrested.
- A sheriff's office report was received at 3:01 p.m. Tuesday that a mower threw up a rock and broke the side window of a passing van.
- A sheriff's office report was received at 6:48 p.m. Tuesday that something had blown out of a truck along Highway 52 and struck the windshield of a vehicle following it. The windshield was broken as a result.

### CRIME STOPPERS

Anyone wishing to report anonymous information on unlawful activity in the City of Yankton or in Yankton County is encouraged to contact the Crime Stoppers tip line at 665-4440.

# 'Women In Science' Held At MMC

Mount Marty College hosted 220 area students Tuesday, Oct. 18, for the second annual Women in Science conference for eighth grade girls.

The conference's goal is to stimulate interest in science and technology careers and encourage eighth grade girls to pursue the math and science courses needed to prepare them for careers in these fields.

Students engaged in hands-on activities and sessions on careers including medicine, nurse anesthesia, veterinary medicine, microbiology, nursing, forensic science, EMS, and many others.

Participants included students from South Dakota schools: Centerville, Menno, Yankton, Dakota Valley, Hurley, Sacred Heart, Avon, Andes Central, Viborg, Scotland, Beresford, Wagner, Gregory, Marty, and Alcester-Hudson. Nebraska students from Laurel-Concord-Coleridge, Niobrara, Wausa, and Cedar Catholic also attended.

The Women in Science event is provided by First Dakota National Bank, Mount Marty College, RTEC (Regional Technical Education Center), AHCE (Yankton Rural Area Health Education Center), and supported by the South Dakota Discovery Center, South Dakota Space Grant Consortium, South Dakota Dental Association, McDonalds and Delta Dental.

## ON THIS DATE

### 75 YEARS AGO

Tuesday, October 20, 1936

• A blustering north wind, carrying with it the first real threat of winter, Aberdeen, Huron, Watertown and Pierre all reported the first snowfall of the year - snow that melted almost as rapidly as it reached the ground in most places.

• Mark L. Felber, born in St. Helena, Neb., across the Missouri river near Yankton and for years a Nebraska newspaper printer and newspaper man, was in the city yesterday for a short visit with those in Yankton he knew in the early days.

### 50 YEARS AGO

Friday, October 20, 1961

• The pheasant picture here "looks awful good," according to Game Warden C. B. Gunderson. There are lots of pheasants in Yankton county, and hunters will not need to go outside the county to get their limits if they can find enough fields where the corn is already picked and they can spot the birds.

• Colder weather is heading South Dakota's way for the opening of the pheasant season Saturday. Snow flurries or showers are likely in the Black Hills tonight. In Montana, warnings were posted for heavy snows in the Mountains.

### 25 YEARS AGO

Monday, October 20, 1986

• The USD Coyotes performed a rare feat Saturday - but it wasn't easy. The Coyotes swept their annual two-game set against the South Dakota State Jackrabbits to stay in the NCC football championship hunt, but their fifth victory of the season, raising their conference record to 4-1, was a hair-raising, record-setting donnybrook, the USD team finally prevailing 51-39.

• Seven sheets of plywood were stolen during the weekend from the Virgie Wells residence in rural Mission Hill.

# Flood

they're also basing that on what they plan on releasing over the winter and the upcoming spring.

"One thing to keep in mind is that they were basically telling us the same thing last year at this time," Cowman said. "In the Corps' mind, this is how they think they system will set up next year."

Cowman is the director of the Missouri River Institute at the University of South Dakota and a natural resources administrator with the South Dakota Geological Survey. His work includes research on the geology and history of the Missouri River, with a focus on current and historical river geomorphology.

Cowman, who spoke for nearly two hours, avoided addressing some of the political aspects that have arisen since the flooding. He did voice disappointment, however, with the governor of Montana who has chosen not to participate in hearings held earlier this week.

The Associated Press reports that a meeting of Missouri River governors Monday revealed significant disagreement between Montana and states further downstream over flood control, even as federal officials warned the group that damage from this year's high water may make their states even more vulnerable next year.

Montana Gov. Brian Schweitzer fought against a de-

veloping notion that flood control for states further down the river should dominate how reservoirs are managed upstream. He told governors of the downstream states that such a plan would lead to empty reservoirs, which are relied upon for recreation, wildlife and agriculture, in Montana when a drought hits.

The U.S. Army Corps of Engineers on Monday declared the Missouri River flood officially over, saying the river has fallen below flood stages from Fort Peck in Montana to near St. Louis and water is off the levee system.

"What this means is that we are at a point where we can carefully examine the damages to the levee system and the dams," said Col Anthony Hofmann, commander of the Kansas City District. He expected a report by mid-November.

So far, \$27.7 million has been set aside for repairs. The corps is waiting on funding by Congress for the rest. Early estimates show repairs could top \$1 billion.

Schweitzer, who allowed reporters in his office for what was expected to be a private meeting, phoned into the Omaha conference in which governors from Iowa, Kansas, North Dakota and South Dakota took part. Missouri Gov. Jay Nixon was in the meeting by phone, and Wyoming Gov. Matt Mead sent representatives. The host, Nebraska Gov. Dave Heineman, clashed several times with Schweitzer during the meeting.

Cowman chose to stick to hard data in his presentation. Scientific research seems to indicate that flooding may be more likely in the near future on

the river.

Climate data presented by Cowman shows that the Midwest is entering a "wet cycle."

"If we're having to predict what our basin runoff is going to be, we need to take this into account so that we're not just working off of averages," he said. "We need to take into account the fact that the odds are going to be in our favor that next year and probably the year after are going to be wet years with pretty high runoffs that are above normal. I think if we plan for that way, and adjust the system that way, we'll be much better prepared to handle these types of high runoff events."

Solutions to make sure a repeat of the damage to personal property and public infrastructure from this year's flooding doesn't occur range from changes to local zoning regulations to broadening the channelized portion of the Missouri below Sioux City, Iowa, Cowman said.

"I also think the debate has to happen about lowland flooding downstream, and how much weight should that hold in terms of how we manage our reservoirs," he said.

Some local zoning regulations considered for the construction of housing along the river state that dwellings must be setback 500 feet from the river's edge.

"That doesn't make a lot of

sense," Cowman said, "because we have the technology these days, and the data and information to build much better types of setbacks."

Zoning officials should encourage homes to be built in areas that would not be heavily inundated with water should flooding occur, he said.

"I think there can be a solution that can be acceptable to most people ... we can predict which areas are and are not going to be inundated with water. There are areas that sit pretty low topographically, and those are the areas one would expect local zoning to deal with," he said. "These kinds of things make more sense to most people rather than drawing a straight line at some distance from the river and saying you can't build there."

### BOARD OF TRADE

CHICAGO (AP) — Grains futures fell Wednesday on the Chicago Board of Trade.

Wheat for December delivery fell 5.75 cents to \$6.1950 a bushel; December corn fell 5.50 cents to \$6.3850 a bushel; December oats fell 2 cents to \$3.37 a bushel; while November soybeans dropped 25.75 cents to \$12.25 a bushel.

Beef and pork futures also fell on the Chicago Mercantile Exchange.

December live cattle shed 0.37 cent to \$1.2295 a pound; November feeder cattle fell 0.75 cent to \$1.4265 a pound; while December lean hogs fell 0.88 cent to 90.07 cents a pound.

### LOTTERIES

#### WEDNESDAY'S RESULTS

**2 BY 2:** Red Balls: 19-23, White Balls: 11-15  
**MY DAY:** Month: 7, Day: 16, Year: 9  
**PICK 3:** 6-8-6  
**PICK 5:** 27-32-34-35-36  
**POWER BALL:** 16-26-35-52-58, Powerball: 2, Power Play: 5  
**HOT LOTTO:** 08-11-13-36-37, Hot Ball: 19  
**DAKOTA CASH:** 01-07-12-21-28  
**WILD CARD2:** 04-06-10-21-24, Wild Card: QD

## Lesterville Fire & Rescue Fire Prevention - Open House

**2-4 pm Oct. 22**  
 Utica Fire Station

**1-5 pm Oct. 23**  
 Lesterville Fire Station

Join The Fun! Activities for the kids and Fire Prevention Information will be given out. Refreshments will be available.

### - Public Notice: Street Trees -

Yankton property owners are reminded to trim trees adjacent to sidewalks and streets. City Ordinance requires a **10 foot** clearance over sidewalks and a **12 foot** clearance over streets and alleys. Maintaining these clearances may take multiple trimmings annually. Low hanging tree branches can damage vehicles and maintenance equipment. During the winter months, low hanging branches make it difficult to keep streets clear and may damage snowplows.

Street tree trimmings can be dropped off free of charge at the landfill from 10/29/11 through 11/05/11 during business hours (excluding Wednesday nights).

For more information go to [www.cityofyankton.org](http://www.cityofyankton.org) and see the **Tree Trimming Guide** link.

Or call 668-5251.
