Hazardous Waste Collection Event Slated

Household Hazardous Waste Collection will be held at 2-6 p.m. Friday, Oct. 12, for Vermillion residents and 9 a.m.-1 p.m. Saturday, Oct. 13, in Yankton. There is a \$10 fee per vehicle to help defray the collection cost.

This collection provides opportunities for residents to safely dispose of products containing harmful chemicals. Unless used and disposed of according to directions, these household chemicals present a threat to the environment. Special handling is required to dispose of them properly. Materials collected are recycled, or disposed in hazardous waste landfills or incinerators. A licensed private company under contract to the Missouri Valley Recycling Center provides these services.

Examples of Household Hazardous Waste include:

- Cleaning Supplies — Room deodorizers, oven cleaner; sanitizer; drain cleaners; toilet bowl cleaners; NiCad batteries; floor

polish; silver and metal polishes; nail polish; furniture polish; mothballs; floor wax; disinfectants; powdered bleach.

- Household Products — Florescent bulbs; mercury switches and thermometers; bug sprays;
- Flea collars; peroxides; and medicines.
- Shop, Hobby Area, and Repair Supplies — Latex paint; oil based paint; used oil; used anti freeze; cleaners, thinners and solvents; lubricants, glues and adhesives; stains, strippers and preservatives; lead acid batteries; oil filters; and containers with unknown substances.
- Yard, Garden, and Farm Supply — Pesticides, herbicides and other products. The South Dakota Department of Agriculture will be on site to receive Farm Products.

Why should you check your HHM products and clean your house of unusable, unwanted Household Hazardous Waste? Certain types of HHW have

the potential to cause physical injury to sanitation workers, contaminate septic tanks or wastewater treatment systems if poured down drains or toilets, and present hazards to children and pets if left around the house. Read product labels for disposal directions to reduce the risk of products exploding, igniting, leaking, mixing with other chemicals, or posing other hazards on the way to a disposal facility. Even empty containers of HHW can pose hazards because of the residual chemicals that might remain.

In 2010, Missouri River Recycling paid more than \$20,000 to dispose of HHW received from residents. Although proper disposal of HHW is important, it is even more important to avoid purchasing hazardous items and substitute them with non-hazardous alternatives.

The more you use safe alternatives, the less we spend on disposal of HHW. The more HHW

you dispose of, the less we save during these tough budgetary times. Choosing safer alternatives is the difference between money saved and money spent.

So ask yourself, "Why unnecessarily buy something that is harmful and expensive to dispose of when you could choose an alternative that's safer and cheaper to manage?"

You can help reduce the cost of this program by:

- Avoid purchasing hazardous household materials
- Using up what you buy
- Giving away what you cannot use
- Using safer alternatives

The Vermillion Missouri Valley Recycling Center is located at 840 N. Crawford Rd., Vermillion. Yankton Transfer & Recycling is located at 23rd & Kellen Gross Dr., Yankton.

DAILY RECORD

POUND COUNT

Several animals are available at the Yankton Animal Shelter. For more information call the Yankton Police Department's Animal Control Officer, from 8 a.m.-4 p.m. Monday-Friday at 661-9494, or 668-5210. A \$5 fee is required to adopt an animal.

DAILY RECORD POLICY

The Press & Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.

It is the policy of the Press & Dakotan to publish all names made available in the police and court reports. There are no exceptions.

- A series of soil conservation tours for seventh and eighth grade students of Yankton county's rural schools will be getting underway Monday, it was announced today by Donald Boone, assistant county agent. The tours are sponsored by the Yankton county soil conservation district, and will include a movie, demonstrations and field trip for each of eight groups. About seven schools are included in each group. Lorenz Fox, work unit conservationist and Orville Kirschner, SCS technician, will be handling the tours with Boone.
- The week of October 7-13 has been designated as "National Employ the Physically Handicapped Week" by the President's Committee on Employment of the Handicapped, according to Harold R. "Jack" Titus, manager of the Yankton office of the South Dakota State Employment Service. While promotion of hiring the handicapped is a year-around effort on the part of the Employment Service, Titus explained, efforts are intensified during NEPH Week to arouse greater interest on the part of the public, and especially employers, in the advantages

- A group of people who oppose the proposed Business Improvement District for downtown Yankton met Monday to discuss ways of stopping BID. About 20 people attended the meeting, according to Gary Johnson, a leader of the opposition effort. "The general consensus was that the folks were not pleased with it and there are a number of negatives as to how it has been presented regarding assessment and things of this nature," Johnson said.
- With Brian Kortan burning the Canton golf course for a par 72 (35-37), the Yankton Bucks easily defended their Region 2 golf tournament title Monday afternoon and earned the right to defend their state championship from a year ago. Kortan led the five-man YHS contingent to 35-stroke victory over their nearest competitor, Mitchell, 314-349. The rest of the field was Canton 373, Vermillion 381 and Lennox 388.
