

# Credit Union Week October 15th-19th

Why do 196 million people worldwide choose a credit union? Because credit unions create opportunities for families, strengthen communities and contribute to building a better world. As cooperative and democratic financial institutions, credit unions' success depends on the success of their members and their community. Your best interest is in our best interest. This October 15th thru the 19th, Services Center Federal Credit Union will join 51,000 credit unions from 100 countries and their 196 million members to celebrate Credit Union Week.
