

Mitchell Technical Institute

MTI's all new campus is located adjacent to I-90 east of Mitchell. When the new Trades Center is complete in 2013, all buildings will be less than ten years old.

Mitchell Technical Institute is one amazing place! Students of all backgrounds with varied interests will find a program that can lead to an amazing career.

Here are a few of the things MTI wants you to know:

* MTI boasts a 96% job placement rate for graduates. Our Career Services office will help you find that perfect career job, or even just a part-time job while you're attending school.

* The school has been ranked in the top 10% of all of America's two-year colleges by the Aspen Institute for the second year in a row.

* An entire new campus is nearly complete. By Fall 2013 all buildings will be less than ten years old.

* MTI offers 28 on-campus academic programs and seven online programs. And we have expanded to six divisions. With the popularity of ag careers right now, Ag Technology & Transportation is now a separate division with six ag-related programs part of it.

* More than 89% of MTI students receive financial aid. Technical education is some of the

most affordable education available and the return on investment is very high. In only one or two years, graduates can walk out with a job in their area that will allow them to live a great lifestyle and pay off their student loans.

* More than 15,000 people have graduated since 1968.

* MTI is a Military Friendly school and works with veterans' and National Guard agencies to make sure that eligible students get the financial assistance they need.

* Programs offered are nationally and regionally unique.

* MTI has an NIRA-sanctioned collegiate rodeo team and has sent several competitors to the National College Finals Rodeo.

* A beautiful apartment building is located adjacent to campus allowing you to live near your classrooms.

So check out Mitchell Technical Institute on the web at mitchelltech.edu or call the Admissions office at 605-995-3025 and we think you'll find some pretty amazing stuff!
