*"Your time is limited, so don't waste
it living someone else's life.*

*Don't be trapped by dogma —
which is living with the results of
other people's thinking.*

*Don't let the noise of others' opinions
drown out your own inner voice.
And most important, have the courage
to follow your heart and intuition.*

*They somehow already know
what you truly want to become.
Everything else is secondary."*
