National Pharmacy Month

The Yankton Area District Pharmacies invite you to visit your local pharmacy during National Pharmacy Month.

Each pharmacy will focus on a particular disease state/health topic. Several pharmacies will also offer a gift basket drawing with items geared to a specific realm of healthcare. Discover how your local pharmacy plays a crucial role in your health.

SCOTLAND PHARMACY

Rx

Left to Right: Josh Holstein, PharmD; Linda Fuerst, Pharmacy Technician; Janice Kocer CPhT

Scotland Pharmacy would like to thank its great customers for choosing us. We are excited to celebrate pharmacy month with each of you. In honor of pharmacy month, we will once again be supporting the Cystic Fibrosis Great Pumpkin pin-up program. Cystic fibrosis is an inherited genetic disease that causes thick, sticky mucus damaging the lungs, pancreas, and other organs. This disease leads to persistent lung infections and limits the ability to breathe.

Stop by and buy a pumpkin for \$1.00 in support of Cystic fibrosis! The money raised will go towards finding more treatment options to control the disease and at some point discovering a cure. On Wednesday, October 21st we will be treating everyone to some drinks and goodies from 9:00 AM to Noon.

Thanks again from your Scotland Pharmacy staff, Janice Kocer, Josh Holstein, and Linda Fuerst
