Cell Phones Sought For Soldiers

PIERRE — More than 150,000 troops are serving overseas, away from their families, and you can help them keep in contact with each other.

The South Dakota Department of Military and Veterans Affairs, along with Cell Phones for Soldiers, are calling on Americans to support those brave men and women by donating unused cell phones.

Cell Phones for Soldiers hopes to collect more than one million cell phones this year to help keep troops connected with their families.

"Over the past few years, we have been amazed by the generosity of others. But we have also seen the continued need to support our troops," says Brittany Bergquist, Cell Phones for Soldiers co-founder. "It is easy for Americans to make a small sacrifice of support by donating unused cell phones and providing families with a much-needed connection to their loved ones overseas."

People can support the collection drive by donating cell phones at either campus of the

VA Black Hills Health Care System or the Black Hills CBOC:

- Fort Meade VAMC, Building 133 Waiting Room, 113 Comanche Road, Fort Meade, SD (800) 743-1070
- Hot Springs VAMC, Emergency Room Waiting Area, 500 North 5th Street, Hot Springs, SD (800) 764-5370
- Black Hills CBOC, Waiting Room, 3625 5th Street, Rapid City, SD (605) 718-1095

"We're proud to show our support for U.S. soldiers and to contribute to a worthy cause like Cell Phones for Soldiers," says Charles Claussen, Veterans Division Director.

Cell Phones for Soldiers was founded in 2004 by teenagers Robbie and Brittany Bergquist of Norwell, Mass., with \$21 of their own money. Since then, the registered 501(c)(3) non-profit organization has raised millions of dollars in donations and distributed millions of prepaid calling cards to soldiers serving overseas.

"We are continuously overwhelmed by the enthusiastic

support of thousands of Americans who have helped our troops speak with their loved ones," says the teens' father, Bob Bergquist.

"However, the need for support keeps growing as more troops are sent to the Middle East or are asked to serve extended tours of duty."

Through increased fundraising efforts, the Bergquist family hopes to raise more than \$10 million in the next five years for new programs to allow troops abroad to see their families on a regular basis.

Donated cell phones are sent to ReCellular, which pays Cell Phones for Soldiers for each phone. The money is then used to purchase prepaid calling cards that are sent to troops.

About half of the phones ReCellular processes are reconditioned and resold to wholesale companies in more than 40 countries. Phones and components that cannot be refurbished are dismantled and recycled.

SDAS Program Seeking Applications

PIERRE — Applications for South Dakota Partners in Policymaking, a leadership training program for self-advocates and parents of children with disabilities, are now ready for Year 19. Partners in Policymaking provides state-of-the-art knowledge about disability issues and builds the competencies necessary to become advocates who can effectively influence system change. Applications are due Sept. 20.

South Dakota Advocacy Services (SDAS) is currently

seeking applications from interested people who have disabilities or who are parents of children with disabilities to participate in Partners in Policymaking.

Applications for Year 19 can be obtained by contacting Sandy Stocklin Hook, South Dakota Advocacy Services, 221 S. Central Ave., Pierre, SD 57501 or by calling 1-800-658-4782. Applications are also available on the SDAS Web site at www.sdadvocacy.com or e-mailing hooks@sdadvocacy.com.

The training program is designed to provide information, training, and skill building so those who participate may obtain the most appropriate state-of-the-art services for themselves and others.

The training initiative is funded in parts by grants from the South Dakota Council on Developmental Disabilities, Children's Care Hospital and School, USD Center for Disabilities at Sanford School of Medicine at USD and South Dakota Parent Connection.
