ARTS

tion. I am currently casting an award I sculpted for the Avera McKennan Foundation.

Do you remember your first sculpture?

As a student at Augustana College in Sioux Falls, my first sculpture was a stone carving that was an exercise in design involving abstract shapes. The process of stone carving is time intensive, but very therapeutic. My stone started out weighing about 80 pounds and ended up at 25 pounds, simply turning into an exercise in the process itself.

What are the pros and cons of being a full-time artist?

The pros are definitely the intangible rewards of being able to express myself in a positive manner. Cons: It can be a challenge to make a living in the arts.

Do you create other types of art besides sculpture?

I enjoy drawing immensely.

What art project are you most proud of?

It is hard to pick a favorite child.

Do you feel there is a growing interest in the arts in South Dakota?

Yes. I feel that with more exposure to the arts, people gain greater appreciation and interest. With this appreciation people may realize that art is not just a luxury, but also an important part of our lives.

Visit www.YanktonRiverWalk.org to see more RiverWalk sculptures and to read more about our artists. Artist applications are now available for the 2011-2012 display. Call Michelle at 665-3636 for more information.
