Jennifer Slate

Insurance Clerk

Q: Why are you passionate about your job?

A: I am passionate about my job in the Business Office because I truly enjoy helping people. My position at the Yankton Medical Clinic gives me the opportunity to assist our patients with their insurance and billing questions. My greatest satisfaction comes from appealing a claim that has been denied by the insurance company and then getting that claim paid by the insurance company for our patient.

Q: What changes have you seen since you started?

A: Having worked at Yankton Medical Clinic for over 15 years, I have seen many changes. Yankton Medical Clinic now offers our patients more complete care with the addition of physicians in many specialized fields. Having most of our doctors practicing in the same building is a convenient advantage for the patient. The most recent change has been the implementation of an electronic medical record system. This system allows Yankton Medical Clinic staff to improve the care our patients receive.

Q: Why do you love working for Yankton Medical Clinic?

A: I love working at Yankton Medical Clinic for many reasons. I am privileged to work with people who always display professionalism and integrity. I love that Yankton Medical Clinic constantly strives to make certain that our patients receive the best care with the most up-to-date technology.
