Author Book Signing To Be Held At Library

Lincoln, Neb., residents Lisa Kovanda and Brian Thomas who released the book "Modified Flight Plan" will be at the Yankton Community Library, 515 Walnut Street, on Sunday, Sept. 29, from 2-4 p.m., for an author talk and book signing. The book chronicles Thomas's recovery from an illness that left him a

Sunny and

High: 80°

Low: 53°

Most 16-year-olds joyride in Daddy's pickup, but not Brian Thomas. Instead, you find him out buzzing the football team in Daddy's airplane. Flying is his life; it's in his blood. Both of his parents are pilots. His older brother is in the Air

Force, and he can't imagine himself as anything but an aviator until the bleeding disorder he's battled since he was two years old sidelines him. After several failed chemotherapy treatments, Brian opts for a potentially disease-curing but risky spleen removal. After more chemotherapy, he regains his flight status, but now he's left with an altered immune system.

In April 2009, Brian leaves his job at Duncan Aviation where he is an aviation mechanic to go home with what he thinks is the flu. Four hours later, he is comatose and on life support. His hands, feet, and face develop gangrene. Ten days later when he wakes up, he faces the prospect of being a quadruple amputee. Surgeons save his left hand, but he faces a long road to recovery and regaining his life.

Kovanda and Thomas were recently notified that the script adaptation of "Modified Flight Plan" is a quarterfinalist in the Austin Film Festival where there were more than 8,600 entrants.

The author talk will begin at 2:30 p.m. Books will be available for purchase that

For further information, contact the library at 668-5276.

Alcohol Suspected As Factor In Accident

BY NATHAN JOHNSON

nathan.johnson@yankton.net

Alcohol is suspected to be a contributing factor in an accident that took place Tuesday night near Marne Creek.

A report was received at 8:10 p.m. that an eastbound car had gone off the road near Fourth Street and Burleigh Street where a bridge crosses Marne Creek.

The vehicle rolled down the embankment to the west of the bridge but came to a stop on the recreational trail there before actually going into the creek.

According to Yankton Pofemale driver of the vehicle and was transported to the

hospital. He said a witness

reported that the vehicle did not have its headlights on and did not attempt to negotiate the curve in the road.

A blood test is being done as part of an ongoing investigation into the accident, and Paulsen said it is expected to show that alcohol was a contributing factor.

No arrest has been made. The incident took place at the same location as the accident that killed 30-year-old Joshua Paul Scott July 16. Alcohol, marijuana and excessive speed were determined to be contributing factors in that case.

You can follow Nathan Johnson on Twitter at twitter.com/AnInlandVoyage. Discuss this story at www.yankton.net/.

Indian Education Summit To Feature National, Local Experts

OACOMA - The 2013 Indian Education Summit will be held Sept. 29-Oct. 1 at Cedar Shore Resort in Oacoma.

The theme of the 10th annual event is College, Career and Life Ready Through Community, Culture and Collaboration. Keynote speakers include Drs. Stephen Sroka and RunningHorse Livingston, while breakout sessions will feature South Dakota programs that have achieved success in supporting the state's American In-

dian students. Among his other accomplishments, Dr. Sroka has been selected the Disney **Outstanding Health Teacher** of the Year and was inducted into the National Teachers Hall of Fame.

Dr. Livingston is a nationally recognized teacher, trainer and coach. He mentors prospective teachers at community and tribal colleges across the Midwest, and he works directly with schools on implementing culturally responsive pedagogy.

The goal of the Indian Education Summit is to provide solutions to the unique challenges American Indian students face and to present successful models for educators to implement. The conference is an opportunity for collaboration among state leaders, tribal and Bureau of Indian Education schools, and individual school districts

To learn more, visit www.doe.sd.gov and follow the "SD Indian Education Summit" link.

HHS To Hold Special Adoption Event

Heartland Humane Society announces a three-day "Name Your Price" adoption event Sept. 26-28.

During the "Name Your Price" event, approved adopters can choose their own adoption fee on a featured 15 cats and two dogs currently awaiting forever homes. Normal adoption fees are \$50-\$125 depending on breed and age. Animals available in this promotion range from 4 months to 9 years old.

Because our local shelters are over-run with kittens right now. HHS hopes that offering the "Name Your Price" adoption promotion will lead to increased cat adoptions so we can make room to save more cats.

Adopters during the "Name Your Price" promotion will complete the adoption application and go through the same process for a typical adoption. Once approved, they will be able to choose their adoption fee.

When you adopt a pet from HHS, you're getting a healthy animal that's fixed and up-to-date on all of its vaccines, microchipped and more. The initial care put into each adoptable animal could easily cost over \$300, which gives adopters an idea of what their adoption fee includes.

You can view our adoptable pets online at www.heartlandhumanesociety.net or visit them at the shelter at 601 1/2 Burleigh Street in Yankton. The shelter will be open 10 a.m.-5 p.m. Thursday and Friday and 10 a.m.-1 p.m. on Saturday. Those interested in adopting must arrive 45 minutes prior to closing times.

For more information, call HHS at 605-664-4244.

Bede Art Gallery Artist Reception Friday

To conclude Paul Peterson's art exhibit entitled, "Oscillating Landscapes" on display at the Mount Marty College Bede Art Gallery a free closing reception and gallery talk is scheduled for 2-4 p.m. Friday, Sept. 27, and open to the

In conjunction with the gallery talk a guest guitarist and vocal performer, Ted Miller, will provide live entertainment during the reception. Also, a special 10-minute presentation will be provided by guest lecturer Will Ortman on the topic of the disappearing rural farm.

The hours for the Bede Gallery Art Gallery are 8 a.m.-4:30 p.m. Monday through Friday, and it is located in the lobby of the Marian Auditorium.

For more information, visit www.mtmc.edu/arts/bede.aspx or contact Director, David Kahle, at 605-668-1574 or david.kahle@mtmc.edu/.

After School Art To Start Monday

Jennifer Barta will be instructing an After School Art Program at the NFAA Easton Yankton Archery Complex beginning Sept. 30.

Students will explore their own creativity in her fun art program. Instruction will focus on visual art concepts such as line, color, pattern, texture, balance and form. Activities will include painting, collage, sculpting, building and drawing

Class information is on the complex web site www.yanktonarcherycomplex.org or contact Jennifer at 605-661-9393.

DAILY RECORD

POUND COUNT

Several animals are available at the Yankton Animal Shelter. For more information call the Yankton Police Department's Animal Control Officer, from 8 a.m.-4 p.m. Monday-Friday at 661-9494, or 668-5210.

DAILY RECORD POLICY

The Press & Dakotan publishes police and sheriff reports as a public service to its readers. It is important to remember that an arrest should not imply guilt and that every person is presumed innocent until proven otherwise. When juveniles are released from jail, it is into the care of a parent or guardian.

It is the policy of the **Press & Dakotan** to publish all names made available in the police and court reports. There are no exceptions

ARRESTS
