**Fall Theology Institute Set For Sept. 20**

The Fall Theology Institute at Sacred Heart Monastery is the second of a series on fundamentalism, focusing on Biblical interpretation. "How Do Catholics Read the Bible?" will be presented by S. Marielle Frigge, OSB, on Saturday, Sept. 20, from 9 a.m.-noon in the Chapter Room of Sacred Heart Monastery.

S. Marielle's presentation follows the previous Theology Institute on religious fundamentalism, focusing on biblical fundamentalism and Catholic interpretation of scripture. She will explore several Catholic teaching documents on Biblical interpretation, including significant shifts in approaches to understanding the Bible in the past 125 years, and how these changing views can affect theology and practice. As an example, she will discuss why Catholics can believe in both the Bible's account of the creation of humankind and scientific views of evolution of the human species. There will be an opportunity for questions and discussion.

After 33 years of teaching Scripture and theology at Mount Marty College, S. Marielle now

arranges and occasionally presents various opportunities for continuing education and spiritual formation for the Sacred Heart Monastery community, other religious communities and various church, parish, and ecumenical groups. S. Marielle is the author of Beginning Biblical Studies, now in second edition (2013), and writes biblical commentaries for Liturgy Training Publications, Chicago.

The event is open to the public free of charge. However, for planning purposes, participants are asked to register by Wednesday, Sept. 17, by calling 605-668-6000 or e-mailing S. Marielle Frigge at mfrigge@mtmc.edu. Further information about the presenter is available on the Sacred Heart Monastery Web site, <http://tinyurl.com/1353en5>

The Benedictine Sisters' Theology Institute provides bi-annual half-day offerings for the ongoing theological and spiritual formation of the Sisters of Sacred Heart Monastery. The ecumenical public is also invited to attend these programs free of charge.

**'Letters From The Attic' To Be Presented**

FREEMAN — The presentation "Letters from the Attic" will be offered at the Heritage Hall Museum on the Freeman Academy campus in Freeman at 7 p.m. Friday, Sept. 12. South Dakota Humanities Scholar Phyllis Schrag will present the program.

According to the South Dakota Humanities website: "Participants will gain a perspective on the life and times of people who settled in Dakota Territory. The presentation is based on 50 letters in German script addressed to Schrag's great-grandfather, F.J. Meier. These letters had been carefully saved, never translated and handed down through the generations, and detail faith, personal experiences and the agrarian nature of Dakotas between 1878 and 1879."

The hour-long PowerPoint presentation is a fascinating educational opportunity. A shortened version will be presented at Freeman Academy Chapel Sept. 12.

For more information contact Stacey Walter, Heritage Hall Museum, Freeman, SD 57029. 1-800-595-9755; 605-925-7545, or email [museum@freemaninfo.com](mailto:museum@freemaninfo.com) or [archives@freemanmuseum.org/](mailto:archives@freemanmuseum.org/).

**Park Service Dedicates New Trails**

VERMILLION — The recently constructed Mulberry Bend Hiking Trail dedication will take place Saturday, Sept. 13. The event will begin at 1 p.m. at the Mulberry Bend Overlook, on the Nebraska side of the Vermillion-Newcastle Bridge connecting South Dakota Highway 19 and Nebraska Highway 15. MNRR Superintendent Rick Clark and Biologist Lisa Yager will welcome visitors with short presentations, followed by a ribbon-cutting ceremony.

Missouri National Recreational River — northeast Nebraska's and southeastern South Dakota's local unit of the national park system — invites everyone to this dedication, which then provides an opportunity to take a ranger-guided "walk in the woods". Hikers will experience unique flora and fauna, including 150-year old bur oak trees, and two vista points with sweeping views of the wild and scenic Missouri National Recreational River (MNRR).

"A great deal of hard work and collaboration has gone into the completion of the Mulberry Bend Hiking Trail and we are excited to announce that the trail is open for the public to enjoy. In honor of the trail dedication, we are pleased to offer several guided hikes on Sept. 13," Yager said.

Ranger-guided walks are scheduled for 1:30 p.m., 2:30 p.m. and 3:30 p.m. to introduce the public to the new trail system and the natural resources and history of the Mulberry Bend area.

The trail is considered moderately difficult due to steep inclines and potential uneven footing. Sturdy shoes, such as hiking or athletic shoes, are recommended. The trail length, including both vista point spurs, is three-fourths of a mile.

The park's unique Mobile Ranger Station, a visitor center on wheels, will be at the event from 1-4 p.m. with exhibits, activities and ranger programs for all ages. Water will be provided.
