Director: No Compromises Were Made For The NFL

NEW YORK (AP) — A day after its trailer debuted online and months before it hits theaters, the Will Smith football head-trauma film "Concussion" is already sparking controversy.

Citing studio emails leaked in the hack of Sony Pictures, The New York Times reported Tuesday that "Concussion" was altered to avoid antagonizing the NFL. The Times quoted one email that discusses a top Sony lawyer taking "most of the bite" out of the film "for

legal reasons with the NFL. In a statement to The Associated Press, "Concussion' director Peter Landesman disputed that report. He called his film, in which Smith plays the forensic pathologist Bennet Omalu who discovered that chronic brain damage factored in the deaths of NFL players, "a

David and Goliath story. "We always intended to make an entertaining, hardhitting film about Dr. Omalu's David-and-Goliath story, which played out like a Hollywood thriller," said Landesman. 'Anyone who sees the movie will know that it never once compromises the integrity and

the power of the real story. Sony Pictures and the NFL declined to comment on the

Months after the email leaks made by hackers over the release of "The Interview," Sony again finds itself in the awkward position of having the private emails of its own executives yielding a window into the studio lot decisionmaking usually invisible to moviegoers.

Mexican **President's** State-Of-The-**Nation Beset By Doubts**

MEXICO CITY (AP) — Mexican President Enrique Pena Nieto sent his written state-ofthe-nation report to Congress on Tuesday in an atmosphere of rising violence, a falling currency and a slowing economy.

The unenviable circumstances are far different from what he faced during his last report on Sept. 2, 2014, just after he had won passage of a series of energy, education and telecom reforms, a success he said would put Mexico on the path to greater growth.

At the time, Pena Nieto was delivering on his main pledge, which was to reduce Mexico's drug-war-era violence. But progress there seems to have stalled. Homicides in the first seven months of 2015 were running about 3 percent above figures for the same period last

Other numbers are depressing as well. The Mexican peso has fallen 29 percent against the U.S. dollar over the last

Pena Nieto's own approval ratings have fallen as well, from 55 percent in August 2014 to about 35 percent one year later, according to a Buendia&Laredo poll published Tuesday. It had a margin of error of 3.5 percentage

And the administration suffered a major embarrassment on July 11, with the escape of Mexico's top drug lord, Joaquin "El Chapo" Guzman, through a tunnel from Mexico's highest-security prison.

Pena Nieto announced changes in his cabinet last week in an apparent attempt to change direction.

But tough international market conditions may limit his maneuvering room, and officials have lowered this year's expectation for economic growth. "This is the year that he has

the least to show for," said Jose

Antonio Crespo, a political ana-

lyst and professor at Mexico's

Center for Economic Research and Teaching. "He hasn't had any achievements, just difficulties" this year, Crespo said. If Pena Nieto tries to strike an upbeat tone Wednesday in his speech marking the written

report, Crespo said, "nobody

will believe any of it."
