PHOTO: DAKOTA TERRITORIAL MUSEUM
 We have been mentioning for much of the summer that tuck pointing work has been a major focus. We are happy to share that the north wall of the west wing has been completely tuck pointed! It is time consuming work, so we are very excited to have finished one section and start on a second area of the building after this one season. The appearance and weather protection of this wall has been greatly improved. If you have a group of 20 or so who would like to see the work first hand, please call us to arrange a special tour. We would be happy to see you. If you have questions about the project or events please contact us at the Dakota Territorial Museum at 610 Summit Street (in Westside Park), on Facebook, visit our website at www.meadbuilding.org, or call us at 605-665-3898.
