National Walk To School Day Oct. 7

BROOKINGS – In conjunction with National 4-H Youth Science Day, Oct. 7, 2015, is also celebrated as National Walk to School Day. Youth from across the nation celebrate by skipping a motorized ride and walking to school.

"Walking is one of the easiest forms of physical activity, it can be done anywhere with no equipment (besides a pair of good shoes)," said Nikki Prosch, SDSU Extension Health & Physical Activity Field Specialist. "Walking offers mental, physical and emotional benefits, including increased energy, increased social interaction and reduced anxiety and feelings of stress."

Additionally, Prosch said walking offers the following benefits to the community, environment and individual:

* Enjoyment: Walking brings a sense of joy and independence to all age groups.

* Healthier Habits: The trip to school (or after school) is a chance for children (and adults) to get the physical activity they need.

* Cleaner Environment: Replacing car trips to school

with walking can reduce congestion and air-polluting emissions.

* Promoting Safety: Building sidewalks, providing education programs and adding traffic calming measures are some of the ways to improve safety. Encouraging walking to school can help build support for infrastructure improvements in the broader community.

* Community Benefit: Reducing traffic congestion, boosting a sense of community, and improving neighborhood connections benefit the community.

Schools and youth organizations everywhere can celebrate Walk to School Day by planning a walking event in their community. Classroom activities, designated starting points for out of towners, school handouts and walking trains are all ways to celebrate and encourage walking to school.

For more information on planning a Walk to School Day event, accessing promotional materials and ideas to celebrate this international event, visit <http://www.walk-biketoschool.org/>.

Heartland Humane Society and The Landing have teamed up to offer discounts and promotions for all adoptions during October's "Adopt a Shelter Dog" month celebration.

All month long, those adopting pets at Heartland Humane Society will receive a \$15 gift card to The Landing Restaurant and Lounge in Yankton. In addition, HHS will have discounted adoption prices on all black or orange pets as part of Meowlooween promotion. Reduced rates will include \$75 for dog adoptions and \$30 for cat adoptions.

All pets qualified for the program will be healthy, fully vaccinated, microchipped, and

spayed/neutered if applicable.

"Traditionally, October is one of our busier adoption months for the shelter," Shelter Coordinator Christa Kranig said. "We want to celebrate our new pet parents with discounts and deals and say thank for adopting, not shopping."

All cats and dogs available for adoption can be found on the shelter's webpage www.heartlandhumane.org or you can stop by the shelter at 3400 East Highway 50 in Yankton.

Contact the shelter if you have any questions at 605-664-4244.
